With These Hands

Milligan College
Milligan College, TN 37682

P.H. WILSHIMER MEMORIAL LIBRARY
MILLIGAN COLLEGE, TN 37682

We are the Hands of God

Touching Hearts

A point comes along in each of our lives when we rely on another person. Whether it is seeking help for a difficult homework assignment, a shoulder to cry on over the loss of a loved one, or just someone to share your soul with, friends are there for us. They are there to wipe away our tears and help us get back on our feet when we do not think we can do it on our own. Friends are a gift from God, a way of lending support in our hardest times. While at Milligan, we have all encountered these people

who have reached out with the hand of God to help us at one point. Friends are one of the great parts of college, one of the parts that we will always look back on and remember with a smile. As we look at ourselves and our friends, we realize how much we have truly been blessed with the gift of friendship. We notice each time someone touches our lives, and we can gladly contribute these instances to our Lord and Provider. Sometimes we forget the good we can do **with these hands.**

The cross country team huddles together to pray before their match. The team members were all very close this year.

Dr. Allen shows off his cooking skills at the picnic in August. Faculty tried to be very involved with the students.

Jeremy Mefford, the school mascot this year, poses for a picture with his well-known buffalo friend.

New students take their turn to sign into the books at the matriculation service. This ceremony takes place twice each school year.

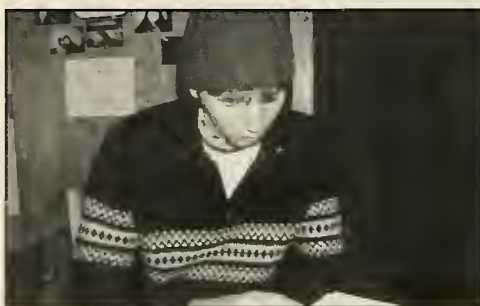

Enjoying a Friday night at the rodeo. Shelby Banion, Grete Riggs, Mary Meek, Rachel Ledbetter, and Jessica Carter.

This group heads to the New Student Banquet. Kristen Locke, Beth Kneisley, Magnolia Boddy, Katurah Leonard, Dawn Loughry, Melissa Ruhl, Mike Ottinger, are led by Christan McKay and Jara Henderson.

Reading is the key to success in college. Hezekiah Barnes shows us how to be successful.

Julie Black shows off her talent at the second floor Hart Hall finger painting party.

People

Each day on campus we walk from class to class, often times falling into a pattern of seeing the same professors, individuals, or events everyday. Our community here is neither too small or too large. It is small enough to know most of the students, and large enough to not know everything about those students. However, it is not unnoticed that many personalities and interests lie in our students. These differences can be seen through activities on and off campus. Many of our students can be seen playing in a band at Vespers or Chapel. On warm afternoons you may even be lucky enough to hear students playing their guitar as you walk to class. Other students are on athletic teams. For those who are not, intramurals are an option. Intramural activities range from flag football and basketball to chess and billards. Some students attend formals and dinners with

friends or a date. Many students choose to participate in campus activities such as bowling or roller skating. Most students attend open dorms to visit friends and to meet new people. Often students taking a break decide to go off campus. These students can be found going to a movie or bowling ally. Students

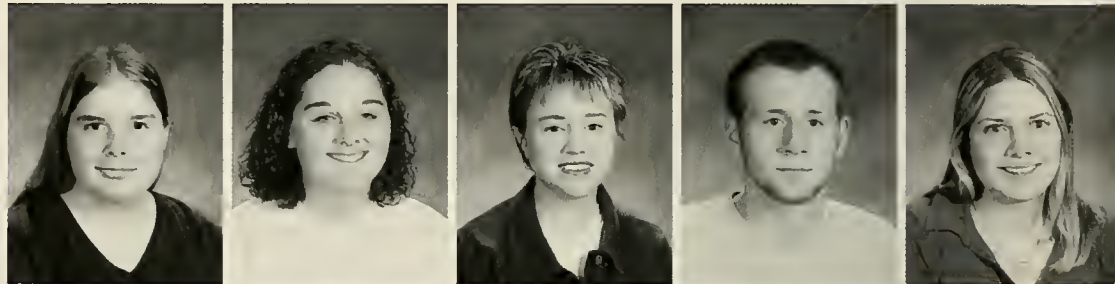

who are more adventurous can be found participating in hiking or climbing. Activities like this can be done at Doe River Gorge and Hidden Valley. As we each go about our seperate schedules we all have two things in common.

First, we all have the privilege of attending a unique school such as Milligan College. Second, and most important, we all are given the opportunity to learn about and grow closer to God. He brought us here together. As individuals and students we work together, and by Him we are brought together.

A new Chapter of the book

For most of us, this is our first college experience. Maybe even for some of us it is the first time we have spent more than a week away from home. We will probably be living with someone we do not know, or have never even met. Will they be neat or messy? Will we get along? We do not know where our classrooms are, or even which building they are in. But, as we meet one person at a time, we learn where to go and how to get there. We learn about what to eat and what not to eat in the cafeteria. We learn who is part of the partying crowd and who just wants to study. We learn which row our friends will sit in in Seeger Chapel. We learn to make decisions for ourselves. Do we go to class today? Do I volunteer my time for this activity? Do I have time to go see a movie? As we make these decisions we write the pages of this new chapter in our life.

Jessica Conn and Angela Klay take a moment to pose while in the cafeteria.

Wonderful Wednesday

April 17, 2002

"The best part about Wonderful Wednesday is waking up, seeing a note under your door, and realizing you can sleep in."

-Autumn Foust

"Last year I left campus for Wonderful Wednesday but this year I stuck around. I participated in almost everything, and it was a blast!"

-Michelle Dietz

"Every college has drinking contests and most of the contestants end up puking. The only difference with Milligan is that they use milk."

-Chad Booth

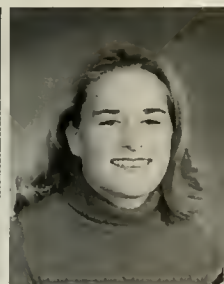

"The funniest thing about Wonderful Wednesday was that we had to leave the drive -in early because my friend had diarrhea from the milk drinking contest."

-Lesley Mitchell

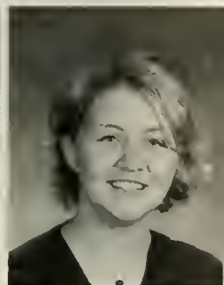

Adam Williams is about to squirt Sara Clark with his water gun. He thinks he is sneaky, but he got caught.

Two down, Two to go

It was just two short years ago that we came here to Milligan College. We were so excited to get here, but we were more excited to make it through our first year of humanities. We dreaded having to come back for a second dose of the course, but once again we have successfully made it through. We never have to take humanities(also known as human-agonies) again! However, a select few of our class have the exciting priveledge of going to Europe on the humanities tour. As for classes we have mostly taken all those that are required. Staying up late at night with friends studying for those big tests, who could ever forget that. Most of us by now have even managed to pick our major, others are just deciding to change majors.

We have spent time together at midnight movies and at Stateline Drive-In, just hanging out and ending the week with something to get our minds off the busy week. It seems we all just want to hang out, like during T.W.I.R.P. Week. It is just a week to take it easy and have a good time. And if you did not get twirped last year, or you didn not twirp someone this year you still have two more twirp weeks to participate in. We have joined the activities and the athletic teams that we wished we would have joined our freshman year. We have waited for it to be our turn to go to the Junior-Senior, and now it will be our turn. So, if there is anything you have wanted to do, but you have not had the chance to go do it, that is ok. We have finished two years here at Milligan, but we still have two years to go!

An Amazing Professor!

"Mrs. Anthony is the greatest teacher ever! She knows how to encourage you when your photography isn't going so well, and when it is going well she is just as excited as you are. She's just always there to help in any way."

-Lesley Jenkins

"Mrs. Shields, she's just awesome!"

-Danielle Gilley

"I have learned so much from Dr. Roberts. He makes the Bible so interesting."

-Claire Miller

"Mrs. Eastridge is incredibly patient and loving. Even when things are hard for her she thinks about others."

-Melissa Mills

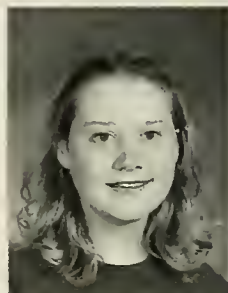

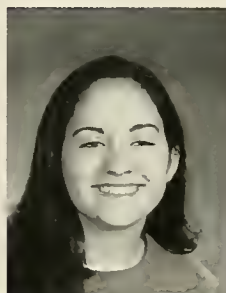

"Mr. Roberts, for Earth and Space. He is passionate about what he teaches and tries to make the students feel the same way."

-Jaimie Newsome

One more chance

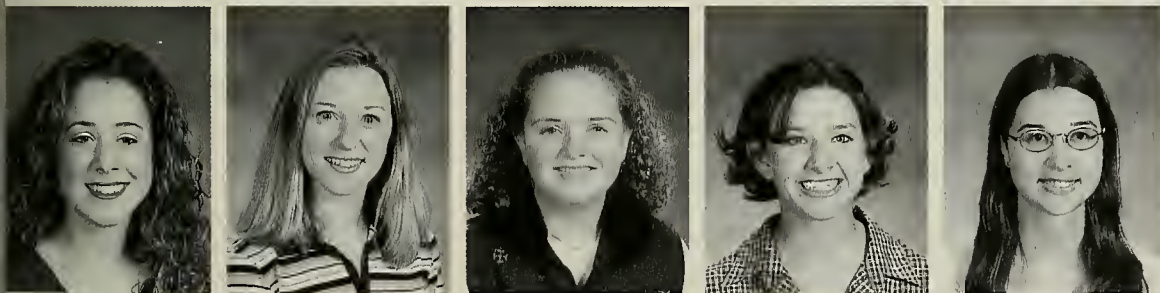

We have successfully finished our junior year, and we only have one left. Of course some of us will enter a graduate program or go on to get a master's degree. But, for most of us, we will be entering our last year of college. Some of us may have things on our minds, like getting engaged or married.

We have done so many exciting things over the past three years. A favorite, as a whole, for our class has been the junior-senior dance(or whatever you want to call it). It is a chance to be with the students that you entered college with. You can think about having a good time and not have to worry with work. Besides dances we have attended, we have gone on road trips with friends for the weekend. We have visited the homes of our roommates and suitemates. We have spent days at the beach. We have had fun at school events like Wonderful Wednesday and T.W.I.R.P. Week. We have gone to Milligan sports events to support the players and hang out with friends. We, like everyone else on campus, have stayed up late at night studying, or talking, with friends. We have even skipped a class or two.

A moment lost is lost forever, so go live life to the fullest! You have one year left, one more chance to do all that you can, meet as many people and make as many memories with those people as you can.

Seniors

Here we go, again

After high school graduation we made a choice to go to college, Milligan College. Four years have past, and this is it. It is graduation, one last time for most of us. One more diploma that says we are four years smarter. Except this time it is a degree in the expertise of our choice. The next time we are all here together, we will be living throughout the world. We will have jobs that allow us to meet new people and travel to places we only dream of traveling to now. We cannot know what the future holds for us. Neither will we forget what the past four years have given to us as we go one last time.

This is for all the trouble we've gotten into. Jessica Carter hits the mark to dunk Kendra Click

The people who help shape our future

Though our future will be dependent on the choices we make, there are certain people who help us along the way: our parents, our elementary and high school teachers, but most importantly our college professors. We have decided on our future occupation, and these are the people who know the most about it. Milligan College professors teach to prepare us for the future. Yet these same professors are so much more. As students we spend time after class talking to them, we see them at sports events, and we see them in the cafeteria. Most of our professors love to invite students into their homes. Our professors teach with all their ability, with all their minds, and with all their hearts.

Dr. Allen is preparing name tags for the children. Each semester he brings children in for students to observe as part of the developmental psychology class.

Mark Peacock advises students Sarah Mason and Nichole Berwanger.

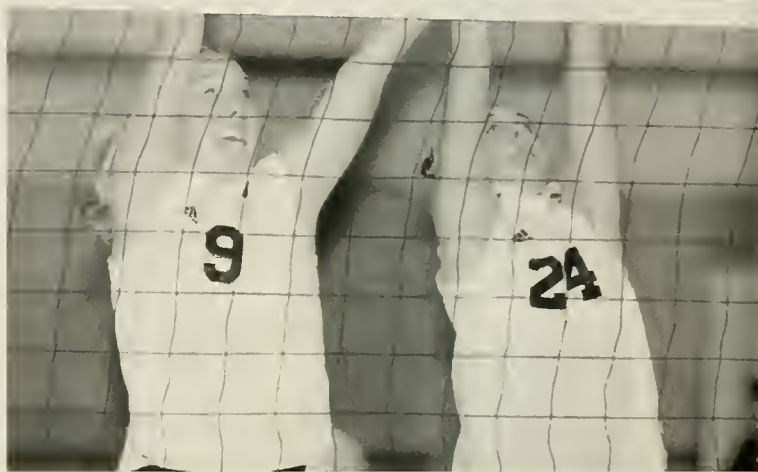

Mr. Simmerly plays the keyboard along side Sara Wallingford and Beth Jackson at a Milligan basketball game.

Mrs. Anthony and Mrs. Kiser reflect upon the year after graduation.

Christina Medlin and Wendy Weaver set up a tough wall to pass for their opponents. The volleyball team finished with a 14-2 conference record.

Women's soccer team celebrates their advancement to the national tournament in Oklahoma City. Unfortunately they lost in the first round.

Senior AJ Hamler looks to pass. AJ made a buzzer beating shot to defeat VA Intermont.

Members of the pom squad perform at half-time of a women's basketball game. The girls performed their routines at several different home games.

Sports

One thing most athletes have in common with each other is the use of their hands. Most sports require hands to be well-trained. Whether they are trained for strength, precision, or accuracy, most sports would not exist without hands. Volleyball players serve, block, and set the ball with their hands. Basketball players shoot the ball, baseball players throw, catch, and bat, while tennis players toss for their serve and grip their racquets. All athletes receive applause of encouragement, congratulations, pride, and respect before, during, and after their competitions. Players and athletes exchange high-fives and handshakes with each other and their opponents. This year proved to be fairly successful overall for the sports teams. The men's soccer team had their best season ever, and the women's soccer team qualified for nationals in Oklahoma City, OK. Many students are incorporated

into the sports programs at Milligan. Some students, like Renee Posey, even play on two team sports. Renee said, "I had a lot of fun playing both volleyball and tennis while I went to Milligan. They were both so different, and I got to interact directly with a lot of people." No

matter what sports they played, Milligan athletes all cherished the bond and friendships they developed from playing sports here. Leslie Burke and Heather Lanning became close friends through playing volleyball together. Intramural sports also became a very popular social event

this year. Under direction of Dave Vespie, the new intramurals director, the programs flourished. New competitions such as chess and pool tournaments were incorporated with the classics of softball, football, and basketball. Sports in general provided students with entertainment on all different levels.

Reaching Goals

Women's Soccer

The women's soccer team this year was able to surpass even their own expectations of how far they could go and the levels they could reach. With all the hard work and long hours put in on the practice field, the girls were able to step up to the next level and compete in the national tournament in Okla

"Soccer this year was more trying than I have ever dealt with, but it was well worth it."
- Abby Armstrong

up of a wide variety of players, the girls accomplished many of their season goals. Although they had many practices at 6 in the

morning, and evening practices lasting until 11, the girls established deep bonds and friendships that will last a lifetime, according to player Abby Armstrong.

Although the varsity team was defeated in their match at nationals in Oklahoma City, they created memories that will last them each a lifetime. The varsity finished with a record of eighteen wins, three ties, and only three losses.

2001 JV Soccer Team

Lady Buff soccer player Erin Willard battles an opponent for control of the ball. The Lady Buffs had a very diverse team this year, including players from all over the United States, Canada, England, and Australia.

JV player Courtney Siber drives the ball down the field, while one of her teammates looks to accept her pass.

Sophomore Jackie Goncalves launches the ball towards the goal. Jackie was one of the international players on the women's soccer team.

2001 Women's Varsity Soccer Team

Abby Armstrong, Emma Wirkus, Salem Wood, Cora Deakins, Jackie Goncalves, Amanda White, Casey Lawhon, Mandy Read, Erin Willard, Ashley Caldwell, Alicia Rosendahl, Kimberly Morris, Tanece Feliciano, Bianca Spoto, Lisa Buckley, Deniece Kitchin, Courtney Siber, Danika Gumbs, Kelly Becker

Getting Ahead

Men's Soccer

The men's soccer team finished off a record-breaking season in 2001. Not only did they have the school's best record since soccer was started at Milligan, but Dalan Telles also surpassed Marty Shirley as all-time high scorer with 67 points in a season (30 goals, 7 assists). In addition, many players gained recognition. Jason Hotchkin was deemed an All-Conference second team player. Eric Starr made

"It was great to be part of such a successful team this year."
-Phil Brock

the All-Academic team. Brian Okumu, Dalan Telles, and Steven Townley all received All-American status, All-Region honors, and All-Conference recognitions. The varsity captain was Andy Stoots, and J.D. Richards led the JV. Head Coach Marty Shirley and assistant coaches Derek Sharpe and Matt Thomas guided the team during their successful season. The team's overall record was 15-7.

Men's Soccer Team

Andy Stoots, Daniel Pavlin, Phillip Brock, Mike Amare, Brian Okumu, Dalan Telles, Alex Kimani, Steven Townley, Jonathan Brown, Rameriez Uliana, Ali Mohammed, J.D. Richards, Ryan Boggs, Tyler Burgardt, Phillip Brown, Jason Hotchkin, Brian Davis, Eric Starr, Chris Teague, Greg Hochstetter, Daniel Gacheru, David Brown, Todd Gatling, Jared McGreevy, Ryan Schweizer, Joshua Neff

Senior Rameriez Uliana moves the ball down the field in an attempt to find an open man. Rameriez is from Rio Dejanero, Brazil.

Senior Jon Brown uses his head to direct the ball away from the Covenant player. He was very active in soccer while he was a student at Milligan.

Sophomore soccer player from Nairobi, Kenya, Daniel Gacheru steals the ball from his opponent.

Season Highlights

15-7 Record Overall

8-3 Record against AAC opponents

Came in 3rd Regular Season, 2nd in the Tournament

Best record and most wins ever in a season since the inception of the sport in 1978

Dalan Telles(01) surpasses Marty Shirley(91) as the all-time leading scorer

Captured the Bryan College Invitational Championship

3 players w/ All-American status - Dalan Telles, Brian Okumu, Steven Townley

Milligan player #21 sneaks away from his opposition. Fans sit on the hill in the background and cheer on their team.

Striving for More

Volleyball

Welcoming in several new players this season, the Lady Buffs bonded as a team and worked together to produce a successful season. Ending with an overall record of 25-15, the Lady Buffs went 14-2 in the conference. Freshmen player Sarah Bear said, "At first it was hard coming in as a freshman, getting adjusted to playing with new people. But after I started to get some playing time, it made things a lot easier and I have made great friends through playing volleyball at Milligan." Overall, the girls had a fun season full of memories made both on and off the court.

"I would have to say that the road trips to Atlanta and to Indiana were the highlights of my season."

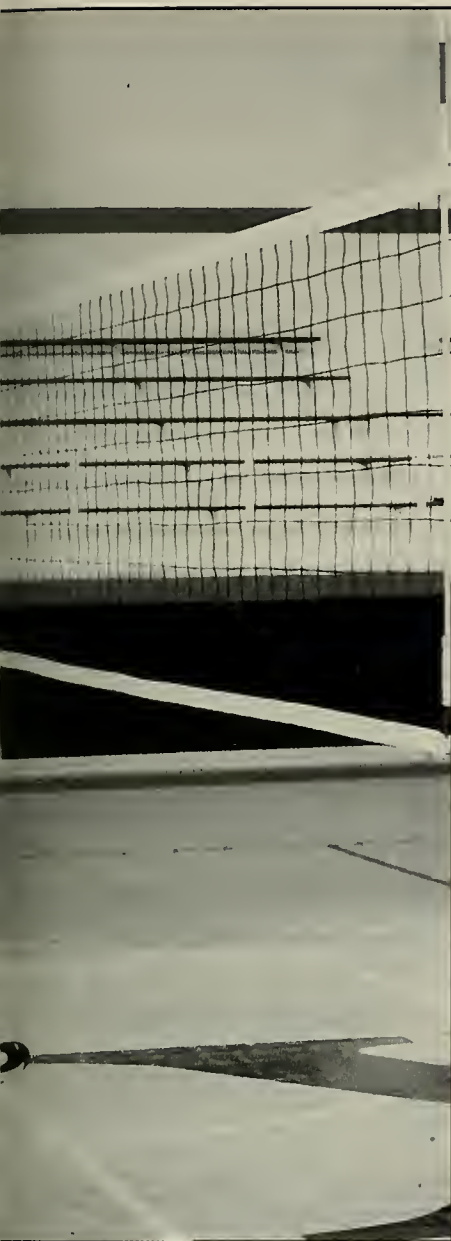

-Heather Eckman

Junior Christina Medlin goes up for the kill. Christina has played on the Milligan volleyball team for three years, and she plans to return for her senior year.

Senior outside hitter Cori Bray reaches tall in an attempt to block her opponent from Brevard. Cori recovered from surgery to play this year.

Second year player Leslie Burke goes up for the hit during warm-ups at King, while Heather Lanning sets her up.

Middle hitter Melanie Reed jumps high and scores a block for the Lady Buffs. Melanie was a dominant blocker in her third season on the team.

Turning Heads

Cross Country

What makes a winning team? Is it only an outstanding win/loss record, or is it more? The Milligan Cross Country team turned heads this season for more than just their record. Their attitude as a team and as individuals made them be a noticable voice on campus with their battle cry of "Start a Ruckus" urging other students to come out and support the team during big matches. Senior runner Misty Fry said of their attitude change, "We not only

"We not only wanted to turn heads with our running ability, but with our positive attitudes as well."

-Misty Fry

wanted to turn heads with our running ability, but with our positive attitudes as well." With brightly chalk drawn sidewalks and signs posted on campus, the Cross Country team's spirit seemed to ignite before the eyes of the campus. A team fresh and ready to start anew reminded Milligan of school spirit and the winning attitude that comes from within- even before the records show achievement.

The Women's Cross Country Team

(L to R) Coach Chris Layne, Larissa Keyworth, Angela McGraw, Lauren Gross, Kristina Kayser, Dawn Shatzer, Rebecca Dixon, Kari LeFever, Misty Fry, (not pictured: Bethany Haynes, Jen Thomas, Shae Trousdale)

Gaining support from his cheering fans, Isaac Jensen tries to muscle his way in front of another runner. Isaac has been a member of the cross country team for two consecutive years.

Freshman Trevor Donovan accepts his ribbon from Coach Layne. This was his first year running at Milligan.

Runners of the men's team, Ryan Starr and Philip Rotich proudly display their trophies. The Milligan cross country teams placed well in many competitions.

National qualifier Dawn Shatzer receives her medal from Coach Layne. Dawn qualified for the national tournament this year.

Shooting Hoops

Basketball

Although the men's basketball team did not have as good a season as they hoped for and expected, they did manage to finish the season with an overall record of 11-20. The team had two freshmen, three sophomores, two juniors, and five seniors. They were coached by head coach Tony Wallingford and first year assistant coach Dave Vespie. Their conference record was 6-14.

Senior James Howard shoots the ball for the Buffs. He had an excellent career at Milligan.

Senior AJ Hamler drives into the basket to score two more for the home team. AJ was a guard on the team this year.

Freshman Craig Emmert scuffles for possession of the ball with a Virginia Intermont player. Craig played very well his freshman year.

Scoring Points

Women's Basketball

Under head coach Rich Aubry, the women's team finished their season with a record of 12-20. The team started off the season on a rough note, losing their first five consecutive games, but they recovered to finish with a 8-12 record in the TVAC conference. With seven local players and five players from out of state, the girls enjoyed their season playing together. Three of the girls on the team had played together on their high school team.

Freshman guard Ginny White shows off her dribbling skills near the three-point line. She was one of the Lady Buff's highest scorers this year.

by Clark, a forward on the team, maneuvers around her opponents to get near the basket.

"I'm glad I came to Milligan to play basketball because I've made a lot of really good friends."

-Amanda Greene

Sharing Spirit

Pom Squad & Cheerleaders

The pom squad and the cheerleaders were very active this year. The cheerleaders cheered at all home games, and they performed floor cheers during half-time and time-outs. With a squad of seven members, the girls had a great year. Sherrie Testerman, an admissions counselor, led the group this season. The cheerleaders decorated a truck as a buffalo for the first annual Homecoming parade to show their school spirit, and they cheered from the back as the parade progressed. Amanda Diefendorf was the captain of the squad. The pom squad also per-

formed at many of the home basketball games. They had three routines that they performed throughout the year, and they rotated these for variety. For one specific routine, the girls wore cowboy hats to add interest and to match their music. For both squads, all the girls enjoyed participating in practices and performing at the games. They liked forming friendships and meeting new people, and they all agreed that it was fun to cheer on their school. One thing all the cheerleaders came to appreciate was the responsiveness of the crowd.

**"We all came to appreciate the responsiveness of the crowd by the end of the season."
-Larissa Keyworth**

The crowd looks on as the poms perform their routine.

The cheerleaders throw Ashley Lakins in the air during halftime.

The cheerleaders perform a floor cheer at half time of the basketball game.

Katie Head, Angela Klay, and Rachel O'Dell wear their pom shirts to show their spirit.

Sarah Clark, Victoria Bailey, Stephanie Baldwin, Amanda Diefendorf, Ashley Lakins, Lauren Gross, and Larissa Keyworth pose after the parade.

Pom squad member Ariana Marshall dances along to the music with Jenn Sharpe.

Swinging for the Fence

Baseball

Head coach of the baseball team was Coach Danny Clark. The team this year, a mix of students from all class levels, joined together to play a grand total of 56 games for their season. They played more games than any other sports team at Milligan College. They also traveled greater distances for some of their games, like when they played Georgia Northwestern State in Georgia. Overall, the team finished with a record of 27-29. In the conference play, they finished with a record of 13-9. Coach Clark was assisted by coach Ray Smith, who has also coached Minnesota Twins minor league teams.

Outfielder Aaron Thomas comes into the dugout at the end of the inning. He batted 52 times this season.

Brad Hitch slides into second base. He played shortstop for the Buffs this year.

Chris Archer rests after scoring another run. He scored 33 runs this season.

Catcher David Hilton receives congratulations from his teammates after scoring a run for the Buffs.

Lefty pitcher Chris Gambill throws another strike. His ERA for the season was 4.20.

Standout Players

Highest Batting Average

Showing their Skills

Softball

Finishing near the top in conference action, the Lady Buffs softball team enjoyed a successful season this year. Their conference record was 17-6. They completed regular season play with an overall record of 20-15, and they qualified for the Regional Tournament, which was held on May 8-9 in Athens, TN. In the NAIA conference tournament, the girls went 2-2, with wins against Bluefield and Brevard. In the regular season, the team's overall batting average was .292, and their overall fielding percentage was .948. The pitchers threw for a combined ERA of 2.60. Coach Wes Holly coached the Lady Buffs this season.

Before the start of the game, the infield players gather at the pitcher's mound to get motivated. Coach Holly also participated in getting the girls excited.

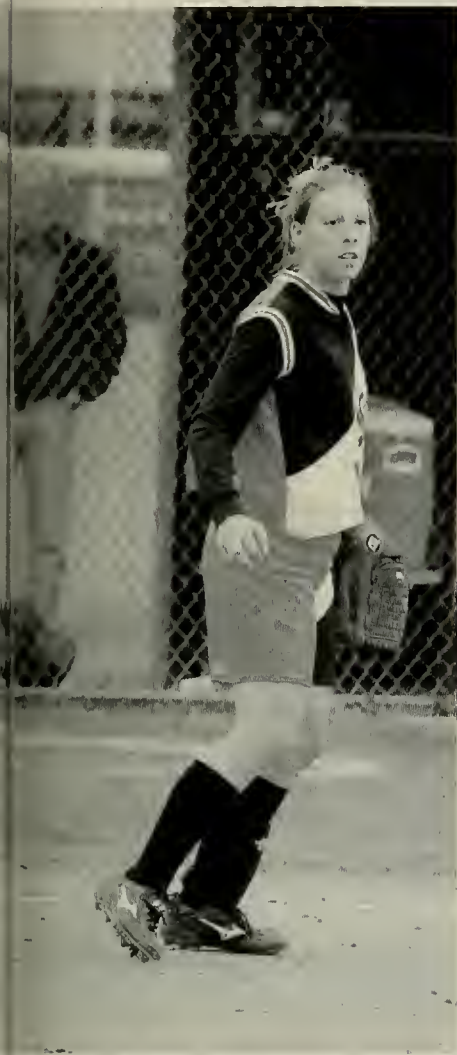

Team Leaders

Highest Batting Average
Andrea Henriott .374

Best ERA
Brandy Waddle 1.77

Highest Fielding Percentage
Rebecca Dawson 1.000

Milligan's catcher fields the bunt and fires the ball to first while third baseman Shelby Banion backs up the play.

Rebecca Dawson slides into home to score a run for the Lady Buffs. She caught for the team.

Hitting the Long Ball

Golf

Overall this year, the golf team had a fairly successful season. Under the direction of Coach Wallingford, the men placed first in four of their competitions. The team was made up of Blake Stewart, Nelson Caudill, Adam Clark, Todd Munsey, Brandon Davis, Jesse Boyd, Jeremy Hensley, Mike Hill, Mike Morrell, and Lance Ashby. When they played their invitational, they played at the Cattails Golf Course. They also played at the Elizabethton Golf Course locally.

"This is a great group of men to work with. They competed hard and improved as the season progressed. With the top 8 players returning, I'm optimistic about next season."

-Coach Wallingford

Serving Aces Men's Tennis

The men's tennis team, made up of six members, finished their season with a record of 3-9 overall. The six players were Patrick Mitchell, John Michael Lukianoff, Adam Campbell, Joe Westerman, Matt Emmert, and Adam Deiwert. The coach of the men's tennis team was Coach Rich Aubrey. This was his first year coaching the team, and he replaced Duard Walker who had been the coach for many years. Aubrey is also the Milligan College women's basketball coach.

Women's Tennis

With a team of just seven girls, three of which were freshmen, the women's tennis team had an overall decent season. They faced many difficult teams in conference. Although their main season took place in the spring, the team still found time for a fall trip to Nashville where they played two matches, attended a football game, and went line dancing. The girls tried to have fun no matter what the situation during the season. They ended with an overall record of 6-8, and their conference record was 6-4. They finished third in the conference tournament and third in the conference overall. Marvin Glover coached the team.

Fun for One and All

Intramural Sports

This year, under new intramural sports director David Vespie, the intramurals program was very successful. Many sports were offered throughout the year. In the fall, co-ed intramural softball was very popular and many students and some faculty participated. Winter brought around basketball intramurals. The majority of basketball players were male, but a handful of girls did participate as well. Throughout the winter, pool and chess brackets were offered for anyone in-

terested. Arm wrestling was also offered, and this competition only involved males. Arm wrestling, pool, and chess have never been offered until this year. They also experimented with frisbee football. Overall, the intramural program offered many students the chance to participate in competitive sports without playing on the actual school team. All students that participated had a great time, and everyone looked forward to the competitions next year.

Daryl Asche and Kurt Davis focus all their effort on the task at hand. Both did well in the arm wrestling tournament.

Russ Cassens and Chad Parker play each other for their intramural pool bracket.

Senior Josh Porter warms up shooting for his intramural basketball game. He played on a team with many of his friends.

Someone You Should Know

Philip Rotich

If you are a student at Milligan, you have heard of Phillip Rotich. More than likely you've probably seen him running, too. In his first year here at Milligan College, Phillip did some fantastic things. Not only did he set a new track record at one of his meets, but he also placed second at nationals in the mile, with a time of 4:09.69. Although his wife Petroline and daughter were far away, he certainly felt at home running for the Buffs. When asked what he likes best about

Milligan College, he said he likes the favorable learning environment, the good athletic programs, and most of all the excellent environment for Christian maturity, which is very important to him. When choosing a school, he put a lot of prayer into the decision and felt God led him to Milligan. Philip began running about five years ago for fun, but then began training when he realized he was good at it. He summarizes his experiences at Milligan thus far as, "It is a good place to be!"

Congratulations to Philip, Rebecca,
and the women's soccer team. We are
proud of all of you!

Congratulations

Lady Buffs soccer team on making it to the national tournament. We are proud of each of you. Well done!

Rebecca Dixon on placing second overall at the NAIA Indoor Track and Field Championships in the 1,000 meters.

Party Animals! Freshman girls, Magnolia Body, Crista Williford, Crystal Van Meter, Kelly Becker, Jessica Jeenings, Gayle Stransen, and Laura enjoyed a fun evening.

Talk about GQ! Ryan Dunn, Jesse Dannemiller, and Benji Whittemore pause from their bowling game because they had just won a free dinner from their competitors.

Social Affairs participated in the parade by making the PT Cruiser resemble a butterfly. A "social butterfly."

Who needs Boys? Sophomores Paige Wassel and Amber Neill break it down at the Fall Formal.

Student Life

With these hands...This was demonstrated by many of the students this year. Everyone put a lot of time and effort into every activity that was completed. This year brought new activities to the campus including a homecoming parade, Battle of the Sexes and a sundae feast. As well as familiar favorites of the Fall Formal, Crank's Creek, and Wonderful Wednesday. "My favorite activity this year was the Fall Formal," said freshman Holly Ross. "It was fun to dress up and be with my friends and you could tell a lot of planning and creativity was put into it." Another student, Amy Vincent, attended the first ever Homecoming parade. "I was really impressed with the turnout since we've never had anything like this before at Milligan. I was especially surprised when I was handed a plate of fried chicken and potato chips from the Four Fried Chickens and a Coke float." On a more serious note, a memory that will stay with the students forever is the trag-

edy of September 11. The world was shocked to hear of the terrorist attack that hit the United States. A service was held that night to allow the students to talk about their concerns for the future of our country. "This was one of the best things Milligan has ever done," said sophomore, Shannon Smith. "It was a relaxed service where everyone felt comfortable sharing what they thought about the incident and how they thought it might change their everyday lives." Through the good times and the bad times, the endless laughs and countless trips to see Dean Fox about parking tickets, the time freshman Richard Philips ate the hunk of Spam for Battle of the Sexes and grossed us all out, getting excited about the cafeteria announcing panini sandwiches and the chili frito bar, the midnight movies at the Bonnie Kate theater arranged by social affairs, and the endless hours of studying for humanities at Perkins: this truly will be a year for all of us to remember.

Wonderful

Kevin Bobrow fires his pistol at his opponent during festivities on Sutton lawn.

Freshmen Rachael Bloch and Alisa Ferlicca fight the bungee cord to see how far they can reach.

Got milk?? Sophomore Brad Parker showed the world that he had plenty during the milk drinking contest on Wonderful Wednesday. The milk drinking contest is a part of the festivities each year.

Shane Oakleaf and Evan Overbay take their turn to fly down the waterslide on the hill next to the library.

A group of students pile into a truck and ride around to hit unsuspecting people with water. Squirtn guns were given to all students at brunch.

Theresa Butler and Christina Medlin race through the inflatable obstacle course. An inflatable climbing wall was also available for anyone up for the challenge.

Wednesday

A New Year Moving Day & New Student Banquet

As the summer came to an end, the school year drew near. New students arrived at Milligan College, greeted by team leaders. The team leaders tried to make the college transition easier for the freshman and transfer students. "It was really good to have team leaders," said freshman Nathan Thomas, "because they taught us where to go, what to do, and shared some of their past experiences which were pretty funny. It made me look forward to my year." Activities were planned for orientation week to allow the students to meet new friends and let the upperclassmen see their old friends.

Juniors John Lawson, Evan Patrick, and Amanda Diefendorf take a rest after along day of moving the new students into their dorms.

Is Elvis really dead or is he living at Milligan? Mark Fox attempts to show the new students he's a fun guy.

The New Student Banquet was a success, allowing freshmen to meet each other and make new friends.

Students head toward the New Student Banquet which was a Hawaiian theme.

Are you seeing double? No, it's Melanie and Stephanie Taber. Can you tell them apart?

What are sophomores Evan Overbay and Russ Cassens doing? They were participating in the relay race.

Are these the new pom squad girls? No, it was freshmen Matt Mueller and Nathan Branam.

Jessica Williford and Brian Talty take swings at each other during the Battle of the Sexes.

Sibling rivalry came out when Adam Kneisley competed against younger sister Beth Kneisley .

Homecoming Week

Parade and Battle of the Sexes

During alumni week, school spirit was in the air. Sutton hosted the first annual Battle of the Sexes. Some of the events included relay races, eating competitions, and boxing with inflatable gloves. T-shirts were sold in the cafeteria to support the event. Also during alumni week, a homecoming parade took place. "It was a perfect day for a parade," said senior Bethany Haynes. "It was a little cold, but the few snow flurries really made it atmospheric." Many groups made floats for the

parade including social affairs, Alpha Chi, the tennis team, Sutton Hall, SGA, and others. Many students and faculty attended the parade, despite the chilly weather. Even people from the community, many with small children were in attendance. Several of the floats passed out candy and small trinkets to the crowd. Overall, the first ever Homecoming Week was a giant success. Alumni, students, and faculty were all pleased and well entertained throughout the week.

Resident Directors Corey and Rhonda Paulson throw items that are commonly found at Wal-Mart to the crowd. The Sutton girls wanted to show their loyalty to a store they visit often by making their float a miniature Wal-Mart.

The Rock and the Rabbi was a huge success. It was the story of Simon Peter and had an array of music to go along with it.

The education faculty cut the ribbon to present the new Clark Education Center.

The concert choir, directed by Dr. Wakefield, led everyone in the alma mater.

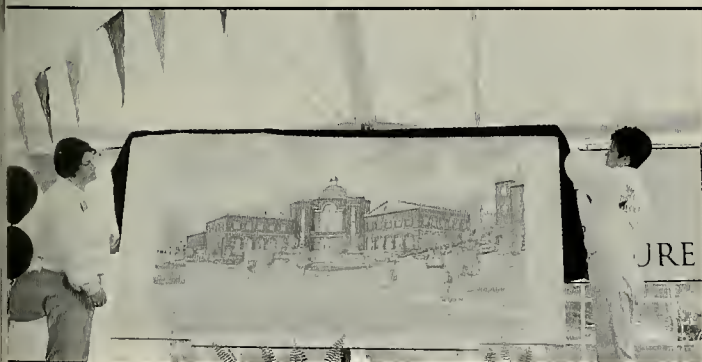

Making Memories

New Plans for Milligan

Alumni weekend always brings exciting news to the campus. This year the Clark Education was completed and plans were revealed to make a new student life center. Alumni weekend 2001 began Friday, October 26 with around 500 visitors arriving at Milligan College. Activities were planned all weekend to keep the alumni busy. The weekend turned out to be very cold, but it didn't dampen the mood of the weekend. On Saturday, a minny marathon was held, inflatables were set up in the gym, reunion lunches were eaten, and the first parade was watched. Saturday evening ended with a production of Rock and the Rabbi held in Seeger Chapel. The place was packed and a good time was had by all.

The president spoke at the alumni luncheon about plans for the future of Milligan College, including the Campaign for Christian Leadership.

Plans for the new Student Life Center were revealed at the alumni luncheon.

Everyone busted a move, especially when a favorite song was played.

Getting some fresh air outside the Carnegie, Shannon Smith, Bethany Haynes, Beth Smith, Lori Brawner, and Machel Louks pose for a picture.

After a long night of dancing freshmen Hannah Henderson, Julie Graham, Monica Sharpe, Amy Fox, Jessica Boring, and Rachel Bloch ate a midnight snack.

Give your best smile. Friends Adrienne Trogden and Nathan Thomas had a great time at Fall Formal.

Sophomore Mike Erler literally swept Tara Schrott off her feet.

Dancing the Night Away

Fall Formal

Around 200 people attended the Fall Formal at the Carnegie hotel this year on November 3, 2001. The theme was a masquerade, complete with masks handed out at the door. D.J. Donny kept everyone entertained with old school tunes and games. The students did not want the night to end as many of them stayed on the dance floor until midnight. "It was a good time because it's casual, but a lot of fun," said sophomore Lori Brawner. "I am really glad I went."

TWIRP Week

Reversed Roles

TWIRP week. We all know now TWIRP stands for "The Woman is Required to Pay." The week started off with the bachelor auction. Each guy does his own thing to get his bids higher. The biggest surprise was when Machel Louks paid \$70 for Tony Jones. "It started out as a joke," said senior Machel Louks. "It turned out to be an expensive joke." Each class chose an activity to provide things to do that week. The events this year included cosmic bowling, skating at a local roller rink, and even a Will Smith birthday party, which featured things such as bobbing for apples. The week ended with a midnight movie at the Bonnie Kate Theater. Everyone had a good time, especially the guys. For once they got to go out and have fun at the girls' expense.

Freshmen Matt Mueller poses for a picture with his TWIRP date. Most freshmen were not shy about getting involved in TWIRP activities.

Although the purpose of TWIRPing is for the girls to ask the guys, many people attend the events with groups of friends. These guys had fun at the bowling alley.

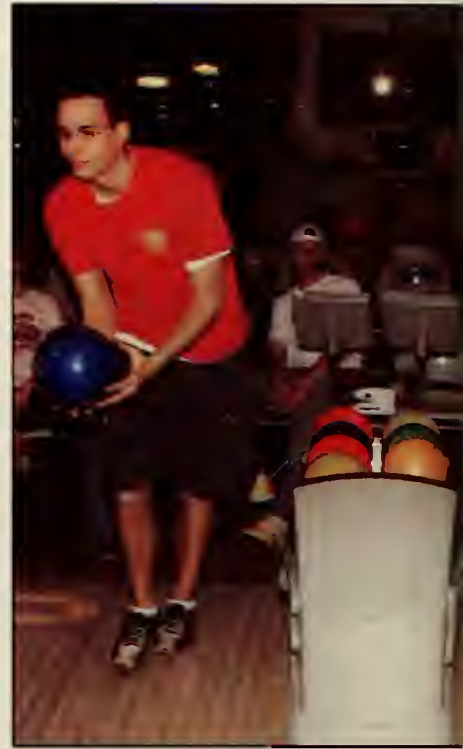

Freshman Josiah Potter waits in the Sub for his TWIRP date to arrive. TWIRP activities lasted the whole week.

Four freshmen pose for a picture at the Will Smith Birthday Party. They had just participated in the bobbing for apples.

Trying to get strikes, Brian Talty and Erin LaVallee enjoy cosmic bowling.

Seniors Travis Mitchum and Kevin Bobrow contemplate their next move.

What's a guy to do when surrounded by girls? This group went white water rafting the Nolichucky River.

Social Affairs

Planning Events

Social Affairs kept everyone busy this year with a variety of activities. "This is one of the most fun clubs to be a member of," said junior Katie Lloyd, "but people don't realize how much work is actually involved." Social Affairs started the year off with a drive-in movie. Throughout the year

they sponsored the Fall Formal, white water rafting, a trip to Asheville, and cosmic bowling. "I love being in Social Affairs," said senior Jennifer Thomas. "It allows you to get to know a lot of people." The club unanimously votes that Wonderful Wednesday is the hardest event to plan.

The trip was long down the river. The guides provided trail mix and oranges. Some of the girls took advantage of the orange peels to take a goofy picture.

Rachel Hatfield holds a Mexican child on the Crossroads trip.

Students on the missions trip were able to make crafts with the children in the afternoon.

Danny Martin smiles as he plays with children on a Mexico trip.

Servant Hands

Crank's Creek & Crossroads

Every year students have an opportunity to volunteer at Crank's Creek, KY and a missions trip to Mexico. The Crank's Creektrip begins on Friday, but the actual labor doesn't start until Saturday morning. On that morning, the students are assigned different jobs such as painting or weeding. When asked about the Mexico trip Junior Sarah Huginin said, "It was a wonderful experience. We went to Piedras Negras. We were able to work with teams to build houses and provide medical attention to those who needed it. God really worked through us as well as changing us through the people we encountered in Mexico.

Cristy Smith holds the hands of two children on a Crossroads Trip. Opportunities were available to interact with the locals.

Lisa Saca, Tori Watts, and Amber Neill sit on the tailgate and smile for the camera after putting in a lot of hard work in Crank's Creek.

Night at the Theater

Christmas Dinners

Not having a theater this year did not stop Richard Major from directing a comedy called *The Actor's Nightmare*. This production was held in Sub 7. Couches were set up in rows with candles lit and candy on the table for the audience. The show was a story of a man who did not know how he ended up on the stage and he didn't know any of his lines. Hence the title an "actor's nightmare." Annie Tipton who played the calm yet efficient stage coordinator said, "I had so much fun doing this show. There is always something exciting about

performing in front of people." Another production this year was the 2001 Christmas Dinners. This tradition has been going on for over three decades. Not only does the show allow Milligan's theater and music department show off their talents, but it allows some other students to earn extra money. Students are hired to serve dinner at the madrigal dinners. "I am glad this happens around Christmas time," said freshman Jessica Boring. "I like to use the money I earn for presents." Even without a theater, students still found ways to entertain the crowds.

The Actor's Nightmare allowed Hannah Carson, Andrew Baxter and Annie Tipton to show off their acting skills.

Senior Lauren Webb and sophomore Nathan Poling sing during the Christmas dinners.

Sophomores Michele Moore and Karyn Smithson fight over Andrew Baxter in The Actor's Nightmare.

Senior Lindsay Holloway and Ross Bader sit and wait for their big debut.

Members of the Christmas Dinners production pose for a picture. Their big smiles know they have done a job well done.

Anyone can tryout for the Christmas dinners. Admissions counselor Kevin Mata participated in the Christmas dinners.

Living on the Edge

MSA and Hart Hall

“Hart Hall is more than a place to sleep,” said freshman Sarah Smith, “it is my home.” This is the thought of many girls. They think that Hart is the best. To show this, they host activities such as the Hart Hall Beach Bash. This lua-type party is always fun and gives the students something different to do on a Friday night. For a totally different experience, some people choose to live in the Married Student Apartments. MSA might be considered a step up from the dorms. They allow more privacy and more freedom. Certain requirements must be met to live in them. Married students live here in addition to students meeting GPA requirements and upperclassmen standings.

Elizabeth Jurgens, Karen Guyer, Mary Beth Ellis, and Molly Tatum pose for a picture at Molly's 22nd birthday party. The girls lived together in MSA Suite #12.

he Hart Hall
ch Bash,
ents were able
y their luck at
hooping.

Good times in Hart. Friends Kelli Baer, Julie Black, and Emily Fetter liked to just hang out some nights.

Loving the watermelon, David Nydegger steals a piece from Laura Jones before she finishes cutting it.

Girls Having Fun

Sutton & Williams

“I enjoy living in Sutton Hall,” said sophomore Sarah Mason, “because it is a close knit community. We interact with one another and get involved on campus.” In Sutton, it is an experience to just walk down the hall and hear all the different music, observe all the activity taking place. Each girl makes Sutton her home in her own little ways. Sutton was known for its excitement, and a dull moment could never be found. Even though dorm life is fun, some girls prefer a more quiet, calm environment. “I love living in Williams,” said Missy Matney. “Williams gives me more of an apartment feel and you know all the girls that live in your building. This allows you to make very personal friendships.” Whether the girls were living in Sutton or Williams, friendships were made, along with memories.

Senior friends Emily Luetscher and Julie Hubbard carve pumpkins during one of Williams' social events.

Deciding to go to a Halloween party at the last minute, Alyson Johnston, Ally Welch, Amanda Rubel and Becky Ruby threw together these costumes.

A group of third floor Sutton girls get together to watch a movie in the lower lobby.

Friends Kristen Smalley, Jessica Carter, Kendra Click and Sarah Mason pose for a picture

Participating in one of Williams' annual events, the girls decorate a Christmas tree for their lobby. before they go out.

"Aww....I just want a hug!" Freshman Ryan Schweizer and Corey Hynek bond in this picture.

Whether it is hanging out at the dorm or going out, these guys are sure to have a good time no matter what.

On a sunny day, Kegley and Quillen residents could often be found soaking up the sun on their front porches.

Hangin' with the Boys

Kegley, Quillen & Webb

What can you say about Webb? The phrases "Naked Tuesdays" and fake fire drills come to mind. "I guess some people don't understand Webb," said sophomore Dave Guyer. "It just takes a special breed. A lot of things happened this year to take away open dorms for a while, but some might wonder why you would want to go in Webb

anyway." For the guys who have had enough of living in Webb and have the appropriate GPA, Kegley and Quillen became an option. These upperclassmen dorms offer more privacy and a setting more like living in an apartment. You still get to live with your friends, but you just don't have to deal with all the commotion in Webb. Some guys also lived in the A-frame.

Hanging out in Webb lobby is not an uncommon event. This group gathers to watch a movie, but many guys could often be found watching their favorite teams compete.

Webb residents Jason Armstrong, Phil Brock, and John Anliker pose for the camera. These guys lived on the infamous third floor of Webb.

One Acts

Milligan College focused on the arts the week of April 29 when it presented the 16th annual One Act Festival as well as some concerts and original movie produced by students. Fine arts area a core part of the Milligan liberal arts tradition. This year over 60 theatre students were involved with the festival. "Theatre is a new thing for me," said senior student director Anna Johnson. "Milligan theatre is a great adventure for me." The festival was kicked off with a campus wide picnic to help everyone get involved with the one acts. "I think viewers will walk away from the festival with a greater appreciation for the arts," said sophomore student director Michele Dietz.

"Words, Words, Words"

"Variations on the
Death of Trotsky"

Sweetheart Extravaganza Love, Skits & More

Instead of having the typical Sweetheart Convocation around Valentine's Day, the event was slightly different this year. Convocation credit was not offered to students, but the turnout to watch their classmates perform (plus the incentive of prizes!) was very respectable that Tuesday morning. Led by members of Social Affairs dressed as cheerleaders, the event was a success. Two girls and two guys from each class were elected to present skits. The skits were all very humorous, and many prizes were given away, including gift certificates to Olive Garden, Ramen noodles, and toilet paper.

In a moment of desperation, Aaron Scott chooses Michelle Moore to be his Valentine over Mrs. Kiser.

Representing the junior class, Joy Hammond and Tony Jones did a skit about the different stages of a relationship.

Sophomore Warren McCrickard dramatically portrays his character in the sophomore skit.

Sweetheart Extravaganza: Winners

Freshmen: Travis Weeks and
Crystal Van Meter

Sophomores: Michelle Moore and
Aaron Scott

Juniors: Joy Hammond and Tony
Jones

Seniors: Kent Pettit

Getting Dressed Up!

Milligan sponsors formals for a chance to get away for the campus and dress up. The girls get a chance to shop and find the right outfit and it allows the guys to get pumped up for a long night of dancing. Whether they go as couples or in a group, everyone sees to have a good time.

The winter formal was held in the Garden Plaza this year. It was called Waiting for Tonight. There was a wide array of attire, but everyone mostly came dressed up in dresses and suits. The DJ played a lot of old school jams. Punch and snacks were served to keep everyone from becoming fatigued with all the rhythmic moving going on.

The Junior Senior Banquet was held on Friday, April 5. Held at the Adelphia Center, the theme was Drops of Jupiter. Dinner included chicken piccata, mash potatoes, and green beans. "The best part of dinner was dessert," said Rhiannon Horne. "It was French Silk pie and it was delicious." After dinner, Kent Pettit sang the alma mater and then senior superlatives were given out. "I think the most surprising superlative was Kevin Bobrow being the first millionaire", said Amanda Diefendorf. Overall, both dances were a big success.

All these couples show they are having a great time by the smiles on their faces.

There was a good turnout for the winter formal this year.

The hosts for the banquet were the infamous Bill and Bob.

Raise the roof!
Juniors Beth Ross
and Katie Lloyd
really enjoyed the
banquet.

All pimped out in
white suits,
sophomores Kevin
Mason and Isaac
Jenson went to the
winter formal. "We
decided not enough
people get dressed
up, so we thought we
would be a light in the
dark," said Mason.

Spiritual Life

Every Sunday night at 9 o'clock, a large group of students gather at lower seeger for a worship service. This service is sometimes led by students, teachers, or special guests. Worship songs are usually sung throughout the night. On one particualr night , social affairs held a party afterwards which was an icecream social. "I like going to Vespers, but this made it extra fun," said junior Sarah Sidell. "I think they should do it every year." Vespers allow students to worship in a different way then chapel. it is a little more of a relaxed atmosphere.

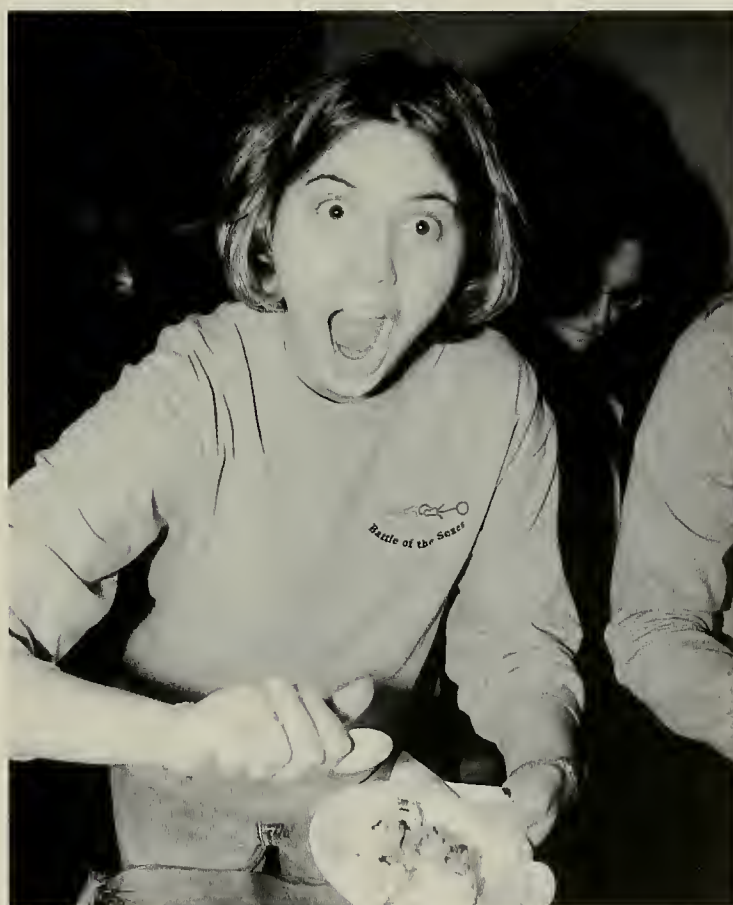

Sophomore Shawn O'Keefe decided on teh chocolate syrup for his icecream.

Social Affairs tried to provide any possible topping for the icecream social.

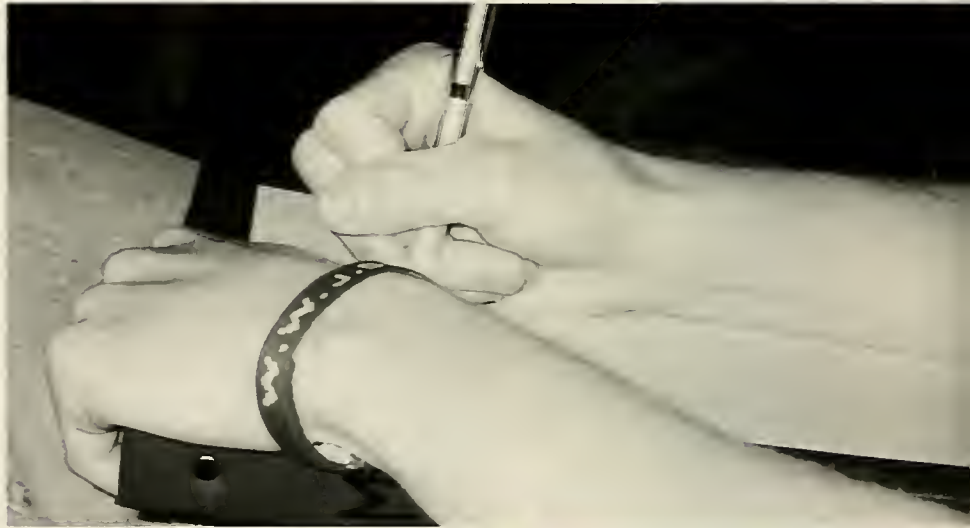

Milligan can always expect complete matur from social affairs...Katie Lloyd, Betha Haynes, and Jennifer Thomas decided to we their toppings instead of eating them.

This particular Vespers was led by Brian Davis. Usually a hundred or so students show up every Sunday.

Junior Sarah Sidell seemed to be very excited for the icecream sundae.

Academics

Through our hands we experience the world. Watch a child touch something new. He learns by letting his hands explore that new object. We are similar to that child. College exposes us to new places, people, ideas, and knowledge. Perhaps never again will we be exposed to so many opportunities for learning. A chemistry student learns quickly the importance of hands and their precision in experiment. A music student knows every intricacy of a musical instrument by touch. When our calculator's batteries die, we count on our fingers (and sometimes our toes). Our hands explore scientific models and dissected specimens, or point to the night sky. With our hands we type papers, take lecture notes, turn pages of textbooks, complete exams, check out library books, We create

music, act out scenes, and make beautiful pieces of artwork. We raise a hand to ask a question or contribute to a class discussion. We applaud with our hands to congratulate others on accomplishments. Our hands let us express ourselves. A gentle touch from a friend helps us get through a challenging semester. We learn, and we grow through the touch of of a hand. Our professors' hands clasp together in an opening prayer before a lecture, and sometimes when sickness and trial come, that same professor will clasp hands and pray with us.

Our hands are united in small groups of close friends with which we study, live, eat, and learn. With our hands we experience the world. We touch. We grow. We meet. We greet. We serve.

New Hands

New Faculty Members

Students were blessed to gain new professors in three different academic departments for the 2001-2002 school year: Assistant Professor of Humanities Dr. Jill LeRoy-Frazier, Associate Professor of Music Rick Simerly, Assistant Professor of Communications Ken Suit, and Assistant Professor of Education Lyn Howell. Speaking of her first year at Milligan, Dr. Howell said, "I fell in love with the beauty of the campus on my first visit, but since I moved here last year I've learned that the people of the Milligan community are beautiful too." Not only are students affected by these faces and lives, but the new professors learn from us as well. "There is a spirit of peace and joy here that shows itself in the wonderful kindness demonstrated by everyone on the Milligan campus," Howell said.

Smile, you're on candid camera! Assistant Professor of Humanities Dr. Jill LeRoy-Frazier works in her FOB office.

If you want to do it like Stevie Wonder, you're going to have to close your eyes. Associate Professor of Music Mr. Rick Simerly assists Sara Wallingford in a Pep Band spirit burst during a basketball game.

Dr. Lyn Howell shows her Milligan spirit with her buffalo office companion.

Are you sure there's no way I can get out of the Humanities research project? Dr. Jill LeRoy-Frazier guides Tony "Llama" Stanton in his research.

And this is why I want to be a teacher- the crafts! Dr. Lyn Howell looks on while Bridgett Cooper makes Valentine's Day decorations in the CASE center.

Coming soon to a theater near you: Misty Mountains in the Background. Assistant Professor of Communications Mr. Ken Suit enjoys the Tennessee countryside.

Teachers and Therapists

Education and Social Learning

What do educators and therapists have in common? The mind, of course! The future teachers among us have a passion of the cultivation of young minds, and the psychologists have a passion for understanding the mind and everything involved in development. Social learning involves service, awareness of needs of others, protection for the helpless, counseling—perhaps being Jesus to someone who may have never known him. In the same way, teachers have the ability to intervene in the lives of students that can be a source of encouragement, love, and support. Although the name of Christ may never be uttered between a teacher and student or counselor and patient, Milligan grads have the unique opportunity to fulfill the great commission in their occupations.

The Clark Education building was dedicated during Homecoming weekend in October, 2001. Many education classes take place in this facility.

You must be the child prodigy I've heard about. Dr. Allen talks to a child who has come to participate in his Developmental Psychology class.

Monica Poparad sharpens her teaching skills while in the field.

I knew I should've paid more attention in Earth and Space! Jeremy Hensley tutors during Intro to Teaching fieldwork.

I need toys like this for my dorm room! Holly Apted interacts with toddlers during a Developmental Psychology class.

Milligan's youngest coach gives freshman John Isley some pointers on ball throwing.

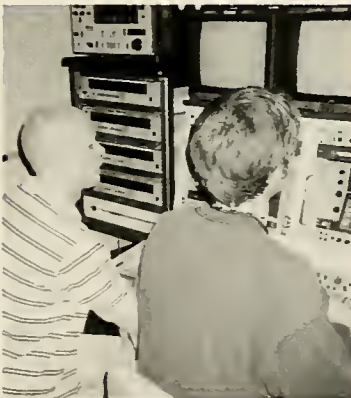

Create, Express, Communicate

Visual, Performing, Communicative Arts and Humanities

What does it mean to be human? To be a human with a degree from Milligan College, one must be able to communicate well enough to pass speech class. A Milligan human must also be able to appreciate music, art, and history to pass Humanities. These artistic students at

Milligan cannot be categorized or labeled as anything short of unique and talented. Shows in Ground Zero, bands and plays in Sub 7, and recitals in Seeger Chapel add to the art seen on campus. Reporting students with tiny notebooks trudge through the mire to find the

scoop, and Radio DJs bring news and tunes to the airwaves. Future music teachers, English teachers, foreign language teachers, photographers, actors, writers, broadcasters, and artists inspire us to learn what it means to be an expressive, creative human.

What does this button do? Lance Ashby and Hezekiah Barnes check controls prior to shooting in the Advanced Television Production class.

Go Buffs! Joanna Simmons, Josh Ulm, and Lori Baimbridge play in the newly-formed Pep Band at a home basketball game.

Don't hate us because we're beautiful. Lauren Webb and Melissa Parker prepare for an Honors Recital during Family Weekend, February 2002.

From this angle I feel like Ron Howard! Broadcast Journalism student Hezekiah Barnes prepares camera for filming.

Are those strings really made out of cat gut? Cassandra Denton plays in during a String Ensemble rehearsal.

Is this how Barbara Walters does it? Broadcast Journalism student Thameena Jones polishes her on-screen presence for shooting in Advanced Television Production.

Matthew, Mark, and Macro

Bible and Business

I really have to take an Old Testament class?! I learned all the books of the bible when I went to VBS in second grade. Macro? What? Easy Mac? No thanks. I just ate. At first glance, the Bible and Business areas of Milligan may not seem like they have so much in common. One deals with sin, salvation,

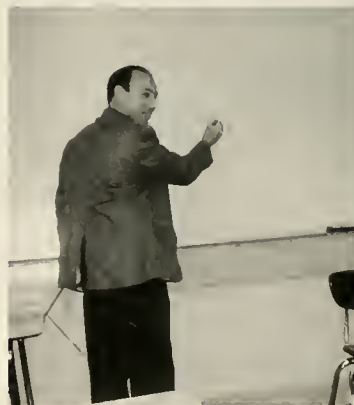

shepherding, and ministering. The other deals with sales, advertising, economics, and strategy. At second glance one realizes there is something both have in common: dress clothes. Bible and business results in men and women in suits, business and dress outfits, looking

their best. Both bring important news and exciting offers. Both get the opportunity to act as ministers to those around them. Business missionaries may seem like an abstract idea, but that's what we strive to be as Christians- Christ to our families, friends, bosses, contacts and c o - w o r k e r s .

I was always the fastest at Sword Drills in Sunday School! Brad Parker, Rachel Ledbetter, Mary Helms, and Kristina Kayser spend time in Bible study.

And of course my favorite thing about professoring is the markers! Dr. Bill Greer instructs students in the finer points of graph making.

Since we're doing this Wall Street Journal project, I get mail every day! Shannon Smith, Amy Vincent, and Mary Helms catch up on business news.

Dr. Lee Magness takes time before his Acts class begins to chat with Suzy Bomgardner.

Derek "Bubba" Thomas and Dr. Carolyn Carter discuss business in her office.

Scrubs and Science

Nursing and Scientific Learning

Knowing a nursing student or a science major proves to be more than just slightly entertaining. Whether hearing Dr. Wade's latest crack on Dr. Wallace, what kind of substance Dr. Wallace put in his newborn's mouth just to see what kind of a face he made, or what procedure the

future nurses did on the mannequins in the nursing lab, all are good for a few laughs. When studying becomes just too monotonous, nursing students can pull out their Physical Assessment and Health Examination book- just for the gross pictures. These students

struggle through the inconsistent temperature of the Science Building, as well as hours upon hours in labs working on chemicals and dissections. They are now our friends and someday will be our doctors, nurses, pharmacists, trainers, and researchers. Scary, huh?

Look, it's baby Jesus on a pizza! HPXS students Joy Zasadny and Alison Matney show off their Christmas party pizza creation at Dr. Doan's house.

How embarrassing, we all wore the same outfit! Nursing Students together after a long morning in the field: (Front Row) Prof. Marti Jordan-Welch (2nd Row L to R) Kristina Kayser, Erica Wenzel, Rachel Pratt, Jess Hauk and Anita Cannon (Back Row L to R) Megan Mooney, Leslie Burke, Hannah Stout, Carissa Ellis, and Misty Bird.

Lunch anyone? Anatomy students Carissa Ellis, Rachel Pratt and Jess Hauk dissect "kitty" in lab.

If this is the Valley of the gods, where's Zeus?! Biology students stop for a picture during their May, 2001 trip out West.

Hey, does this thing come with a gas pedal? Dr. Wallace rides his rent-a-mule through Bryce Canyon in Utah on the Biology Trip in May, 2001.

Hold still, this will only hurt for a couple hours. Nursing student Anita Cannon practices suctioning in the Harding nursing lab.

BAMA:

Not a WWF Wrestler, but Business Administration Major for Adults

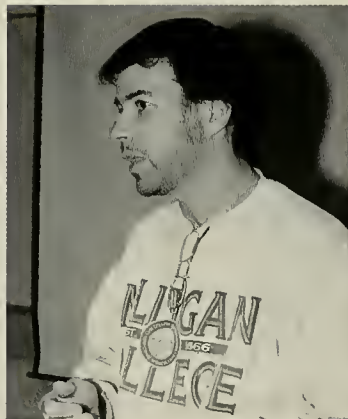

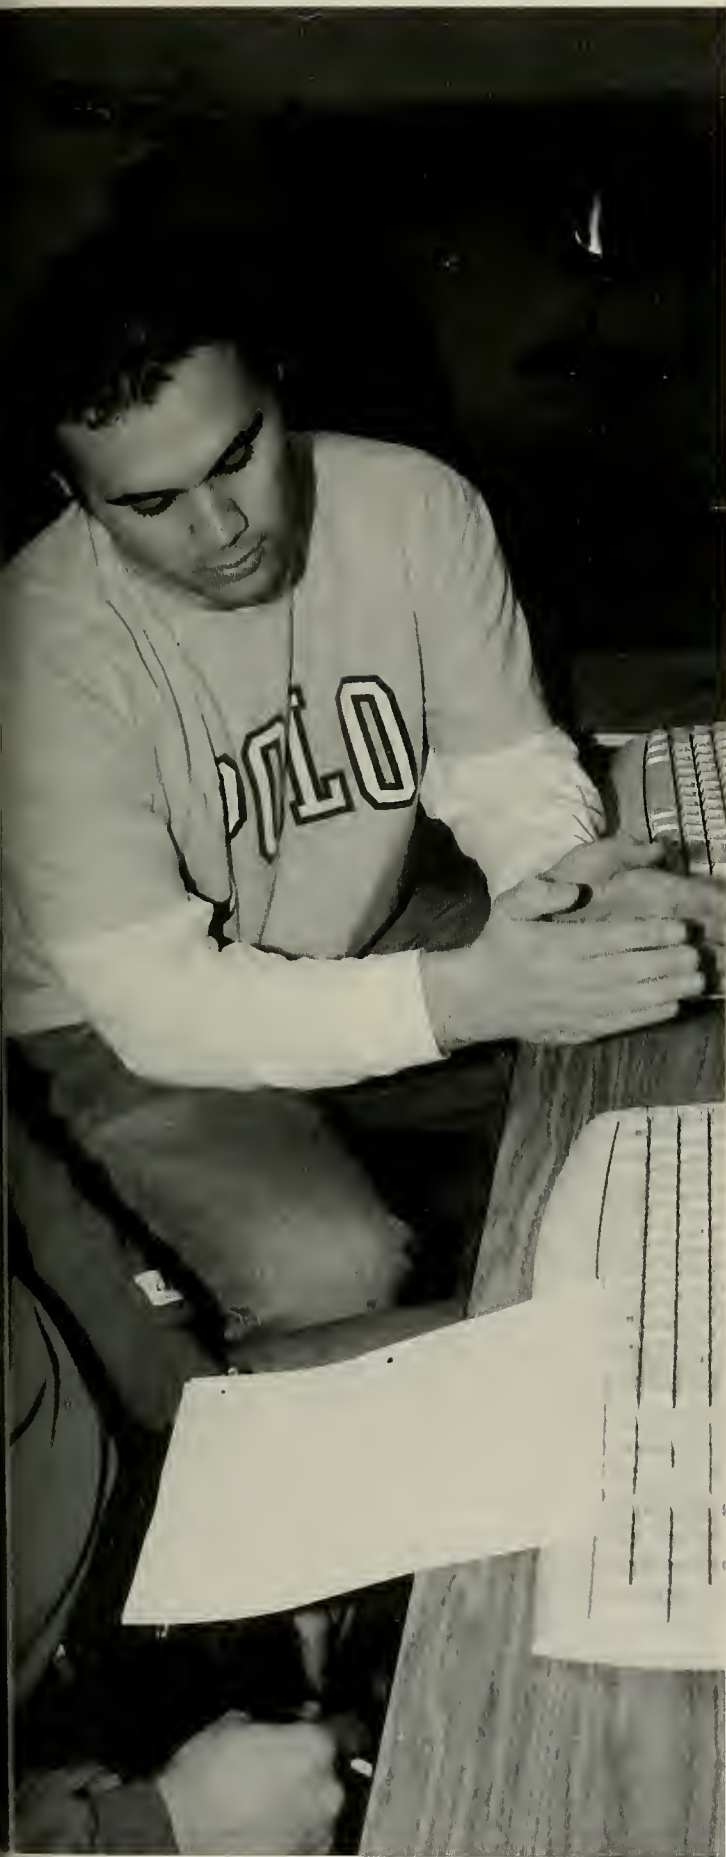

Can you smell what the BAMA is cooking? No, BAMA students don't take a culinary class to graduate from the program. They DO, however, take college credit at the same time many traditional students are studying, playing, or socializing on weekday nights. Most of this group of adults have a family and career outside of their evenings at Milligan. These are committed individuals who complete a rigorous academic demands in two years. The Business Administration Major For Adults requires individuals who are committed to home work and school, all at the same time. Through classroom instruction and practical application, these students leave the BAMA program ready for the business world.

Who forgot the letter board with the teacher's name and the homeroom number? BAMA students fresh and ready for a night of learning.

After much deliberation, the BAMA class decided that tonight EVERYONE could be the line leader in the hallway.

I'm just glad I don't have to take the humanities classes I've heard stories about! BAMA student Jan Musick hard at work.

If you're here for WWF 101, you're in the wrong place. Dr. Marvin Glover instructs BAMA students in a Statistics class.

I promise you, the fish was at LEAST this big! BAMA students Mark Flanary and Ben Christian work in groups in the Derthick computer lab.

Awards and Recognition

Founder's Award and Awards Convocation

**"No matter what field or profession one is going into,
that area is a mission field where our lights should shine
brightly."**

-Andrew Parker, 2001 Founder's Award Recipient

Senior Buddy Arnold receives the Film Pioneer award from Dr. Carrie Steffey during Awards Convocation.

Founder's Award recipient Andrew Parker listens as his fellow nominees respond to the statement that Milligan students are "Changing Lives and Shaping Culture."

Faculty and Administration look on while awards are announced during Awards Convocation.

Founder's Award recipient Bethany Haynes expresses her view of "Changing Lives and Shaping Culture."

Junior Evan Patrick receives the first annual WJHL Lancaster Scholarship Award from Mr. Jack Dempsey

2001 Founder's Award

This award (formerly known as Founder's Daughter) recognizes one male and one female outstanding student who play an active leadership role in church, a service or academic organization, student life or athletic team. Candidates must also maintain a minimum GPA of 2.5. Semi-finalists are determined by classmates, and finalists are determined by faculty.

Finalists:

Sophomores: Aaron Scott and Kari Lefever

Juniors: Ryan Starr and Rachel Hatfield

Seniors: Andrew Parker and Bethany Haynes

2001 Founder's Award recipients: Andrew Parker and Bethany Haynes

Humanities Tour

Memories and Enzo

For 43 Milligan students, two professors, and two lovely wives, the month of June proved to be 30 days they would never forget. The group set off from Atlanta on May 31 for the trip of a lifetime as they embarked on the 2001 Humanities Tour. The next month was filled with photos, songs, rest stops, and frequent shouts of "Enzo!" The tour began in London and covered nine countries including, England, France, Belgium, the Netherlands, Germany, Switzerland, Austria, Italy, and Greece. They not only saw lots of sights. They not only saw lots of sights and discovered treasures only discussed in Humanities class, but also made friends

with their tour guide Peter and their favorite Italian bus driver, Enzo! Students had their own favorite part of the trip. For some it was a particular country of interest, for others an experience that they could call home about. "Lucerne, Switzerland has the best Emergency Room I've ever been in," said Andrew Hopper after having his hand cut with glass and receiving one stitch from a Swiss doctor. "I definitely liked the time in Greece and Italy the most," said Nathaniel Poling. "Why? Because there was beach, sun, and oh yeah, cultural learning of course."

-Christan McKay

This is so easy! Jessica Hardison stamps out a gold leaf design on a piece of leather at the leather works in Florence, Italy.

Ricola!! Christy Lewis poses with her new mountain friend on top of Mt. Pilatus in Lucerne, Switzerland. Not only was the top of the mountain beautiful, it was also covered in snow!

Whееее! Katie Lloyd, Kristen Speak, Christan McKay and Andrew Hopper slide down into the depths of the salt mines in Salzburg, Austria.

Kipp, get back in formation! The entire group of students and professors gathers for a rare photo opportunity in Pompeii, Italy. (Front) Tiffany Kisner, Carissa Ellis, Katie Lloyd (2nd Row) Krissi Bird, Renee Cakebread, Susan

Birdsong, Kristen Speak, Emily Fuller, Mrs. Knowles, Sarah Steele, Andrea Cooper, Crystal Dye, Elizabeth Pearson, Christy Lewis, Julie Bostrom, Holly O'Keefe, Amanda Diefendorf (3rd Row) Kristin Kerkvliet, Jessica Hardison, Susan

Henderson, Karen Guyer, Meggan Juhl, Nathaniel Poling, Carli Fowler, Sarah Hugunin, Katie Nice, Melanie Lorenz, Adam Kneisley, John Lawson, Mrs. Thomas, Beth Ross (4th Row) Christan McKay, Fran Rose, Adam Samaritoni, KJ

Tencza, Kipp Dincler, Brian Bobrow, Jason Reed, Dave Harris, Dr. Jack Knowles, Dr. Ted Thomas, Mike Thompson, Christina Medlin, Peter the Tour Guide, Hezekiah Barnes, Ryan Starr

Look at those muscles!! Dr. Thomas and Dr. Knowles lead some of the boys in a flexing competition at the Temple of Poseidon near Athens on the final day of rest and relaxation of the tour.

Gowns, Tassels and Diplomas

The Milligan College Graduating Class of 2002

Four sometimes endless, sometimes fleeting, sometimes unforgettable, sometimes eventful years have come to an end for the class of 2002.

Quite honestly, it may be easy to overlook this graduation as any of the thousands of others that take place each spring. It is not ordi-

nary, and it is not mundane. For each graduate it marks an end, a beginning, and an array of choices.

What is left but to remember the times learning, loving, and living and to wish these graduates well and God's blessing? They have touched the lives of this school and brought their per-

sonalities, thoughts, and attitudes to this college and community.

We're sad to see them go, but we're excited for the work not yet done in their lives. So to you, graduates, we bid you a fond farewell, and a promise that you're in our thoughts and prayers.

Goal! Ramirez Uliana gets a hug after receiving his degree and finishing a stellar soccer career.

All choked up: Adjunct professor of education Billye Joyce Fine (left) awards a master of education degree.

Wise words: Paul Blowers of Emmanuel School of Religion speaks to the graduates. His father, Russell Blowers, was honored with the highest service award of the college, the Fide et Amore.

Thank you very, VERY much: Jeremy Mashburn (feet on floor) makes sure President Jeanes feels his gratitude deeply.

Picture perfect: Bethany Haynes (left) poses one more time with her favorite photography professor, Alice Anthony.

Looks like we made it: Daniel Dabney (left) and Brian Davis savor a moment four years in the making.

*Congratulations,
Class of 2002!*

The Milligan Singers have fun together on free time on their trip to Georgia.

Members of the Student Government Association, SGA, line up at a meeting. The SGA was involved with many events throughout the year, including sponsoring groups on campus such as the yearbook.

At the sundae fest after Vespers, Social Affairs members Katie Lloyd and Bethany Haynes get in an ice cream fight. Social Affairs sponsored the event.

Clubs & Organizations

Within the campus a strong sense of unity can be felt among us all. A specifically strong sense of unity, however, is felt within the clubs as they work together. They promote friendship and togetherness, as well as discipline, whether it be through music, academic, or community service. Clubs played a major role in the everyday life this past year. SGA helped to organize activities, as well as to create awareness of things going on in the community. They organized many midnight movies as well as fun dinners and events that append throughout the year. Milligan College radio worked hard to keep the students informed as well as providing music to all. "DJing has not only been a good experience for me but has provided me with a closer look into my major" said freshman Jennifer Smith. The Stampede and the Phoneix did a nice job of keeping students up to date and entertained with

things going on around campus. Service Seekers and LINC provided opportunities for community service. LINC had a number of projects available this past year. Anyone could sign up to work at the nursing home or could go and help the mentally handicapped. Clubs were also

available for the musically talented students. Handbells worked hard this year and sounded great at their concerts. The string ensemble preformed with an orchestra this year. The Chamber Choir represented Milligan College in the Thanksgiving day parade. Milligan Singers enjoyed a great year. "Even though every-

thing is overwhelming at times I always loved being in the Milligan singers! It was always a lot of fun," said freshman singer Rachel O'Dell. The student ambassadors worked hard to be informative to the prospective students, and they had a lot of fun in the process.

Student Government Association

The 2001-2002 SGA was the foundation for a fun and exciting school year at Milligan. The semester was kicked off right with an over-the-top hawaiian themed new Student Banquet. Also, the new position of Food Chancellor was created, making for some incredible culinary delights for the college. SGA continued its traditional blood drives, and other events, and also started many new events as well...including the Battle of the Bands, and SGA Night in the cafeteria. One highlight was having SGA members on their homecoming float featured on the cover of the Milligan Magazine. Besides all the fun and games, SGA undertook some serious issues on campus including recycling, cable television, discipline issues, a student activity fee increase, dancing on campus, forgiveness, and donors to Milligan. Nevan Hooker finished his two year reign as SGA president, and in April swore in the new SGA President, Tony Jones.

All the members of the SGA want to better campus life for the students.

Is this some secret sign SGA does? No, every meeting starts with the pledges.

Senior Nevan Hooker swore in Tony Jones as the new president. "I'll miss it, said Hooker, 'but I know Tony has a lot of great deas."

The Battle of the Bands competition was new this year, but is hoped to be made a tradition. This year's winner was Warren McCrickand.

Milligan Radio

90.5

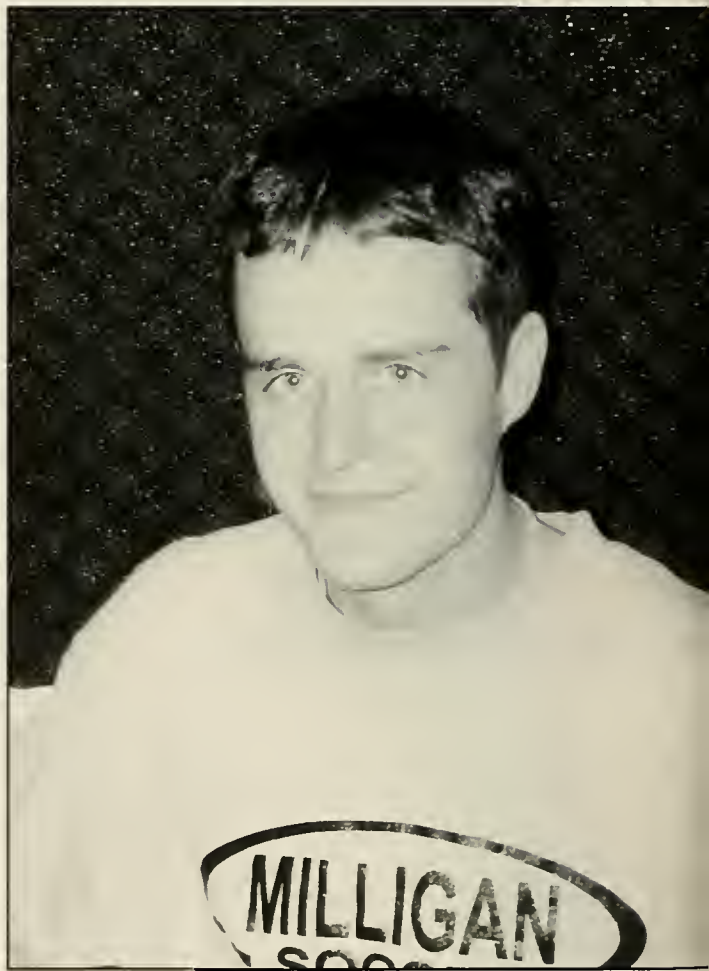

A word to describe Milligan College radio this year would definately be fun! Each of the radio personalities added something special to the Milligan College station this year. A lot of hardwork goes into the radio station to keep it running smoothly. Students do everything from picking the times they are going to be on the air, to creating their own promotions, to learning to use the control boards. "Once you get the

hang of using the control boards it's not as complicated as it first seems... But it's getting the hang of it that's the hard part. It's which switch to flip when." - Jennifer Smith, Freshman. Milligan College radio is a way to keep the students informed of upcoming events within the campus and the community. "DJing for the radio station has been a good experience for me." - Jennifer Smith.

"Working at the radio station is great!" It's like broadcasting a piece of your personality to the whole campus and the surrounding community. Being a DJ is also a great way to feel like you are a part of the Milligan College community." - Warren McCrickard

Finishing the promotion for his show, Paul Hobbs pauses for a moment to smile for the camera.

Behind the scenes Jennifer Thomas finishes the promotion for her new show.

During his show, Phil Brock works out a list of songs he is going to play. Phil Brock is a junior.

"Now, let's get FUNKY!" Tom Wiles exclaims as finishes his show's promotion. Tom Wiles and Evan Patrick are experienced radio DJs.

While working at the radio can be tough, these guys still find time to goof off. Adam Williams, Ashley Green and Nathan Clark are all freshman.

Heritage and Chamber Singers

The heritage singers are an elite group of six students. The tryouts are rigorous but the rewards are abundant. This year the group traveled to Kentucky, Ohio, and Indiana. There were five out of town trips. The group goes through church relations and stay at different homes of the congregation. "I like to be in heritage because we not only get to sing, but we get to stay at the homes of different people and we can witness to them, and tell them about Milligan," said Andrew Hopper. Not only have they performed out of town, they have performed for chapel as well. "I think the groups favorite song is Saved by Grace," said Mandy Patterson. "Evan is the man in that one!" Chamber singers is another performance group. Their main focus is on the Christmas dinners. They practice 3 or 4 hours for 2 days a week. Two weeks before the Christmas dinners they meet with the drama team and practice over 6 hours a week. "It is very time consuming," said Heather Brandon, "but when the show is successful you know you have done a good job." With no Christmas dinners next year, the group will still be around. Their new focus will be on the big Christmas concert that will be held next year.

The members of heritage pose in a garden in Colombous, Indiana after a performance.

The chamber singers walked in the homecoming parade as well as sing some of their songs.

Senior Miranda McGrain, Warren McCrickand, and [unclear] handed out candy during the parade. This performance helped prepare the singers for Christmas dinners.

On another trip the group went to Marlboro, Ohio and decided to eat at a small cafe.

Concert Choir and Milligan Singers

The concert choir has had a very busy year. This not only consisted singing at many churches, but included an east coast tour. Over spring break the group sang around the east coast. One day was devoted to fun and was spent in New York City. "This is my first year with concert choir," said sophomore Brock Hughston. "I really had a good time in New York with the group." The choir satyed with members of the congregation. "I think a favorite of the group is 'My Soul's Been Anchored in the Lord', which is our closing song," said Michael Douty. The Milligan Singers is specifically just for women. Led by Miss Eastridge, the group has about 18 members. The girls sing alto or soprano, and while some songs contain two parts, some of the others contain four parts. "The best part of the year was when we went and sang in Georgia," said Amber Ambland. "We not only got to sing, but we had a great lunch and went to an Imax theater."

Freshman Jenny Ring, Kristin Locke, and Jill Livingston pose in front of the White House during their East Coast Tour.

When concert choir first got to New York City they decided to take pictures outside of the subway.

Freshman, Missie Mills and April Rankin stop for a break during practice.

he Milligan Singers pose for a picture before practice. Many friendships were formed throuought the year.

In Philadelphia, many people dress up like the colonist. Some of the group decided to get their picture with them.

Sophomores, Ben Paden, Eric Boggs, and Ben Strobl toured Edgar Allen Poe's house while in Philadelphia.

Performing for Crowds

Pep Band & Jazz Band

Two performing groups were new to Milligan College this year. These groups, the Milligan jazz ensemble and the pep band were formed under direction of new professor Rick Simerly. The groups each had approximately thirteen or fourteen members which performed regularly. The jazz ensemble consisted of trumpets, saxophones and a guitar. The pep band, however, incorporated brass and woodwinds instruments. Sophomore pep band member Sara Wallingford said, "I had a really good time playing with the pep band. There wasn't a lot of pressure on us, and we were able to create a good atmosphere for the games."

Fourteen members of the pep band take the time to take a picture at one of their many home basketball game performances.

Pep band drummer Josh Ulm sets the tempo at a basketball game.

Professor Rick Simerly directs the jazz ensemble at one of their Monday evening practices.

Members of the jazz ensemble pose for a picture with their director after rehearsal.

The brass section of the pep band, including Coach Wallingford's 13-year old son, performs a fight song at a home game.

Strings and Bells

Handbells, led by Dr. David Runner, consists of five members. The group wowed the students in chapel and have many opportunities to play for churches. They practice twice a week and earn a credit. Freshman Jenny Ring plays the middle range. "I love the handbells. I have played them for five years. I love music so much and I think it is a beautiful way to express yourself." One of the group's favorites is "When I Survey the Wondrous Cross". The orchestra is strictly strings. It is made up of 15 instruments including the violin, viola, cello, and bass. The group practices every Monday from 4-6. "It is a lot of work," said Emily Fueller, "but I like the way the music sounds and I like how every player has a part in making the music sound good." The string ensemble plays in Seeger, churches, and nursing homes.

These girls aren't trying to be Michael Jackson. The white gloves are part of the uniform.

Freshman Haley McDonald enjoyed playing at the handbells first performance in Seeger.

Dr. Kelly Brown is leader of the string ensemble. During practice, the group goes over there different songs.

Dr. Runner not only leads the group , but plays the handbells also.

Publications at Milligan

Working on a publication is an experience you will never forget. Long hours, late nights, and friends that will last a lifetime are things that are all put into the Stampede, Buffalo, and the Phoenix. Milligan's yearbook the Buffalo had the theme "With these Hands." The group spent a lot of time collecting photographs and quotes for the book. "I learned a lot about the school from talking to people for quotes," said Annie Tipton. This year's staff included: Amy Vincent, Editor-In-Chief; Shannon Smith, Annie Tipton, and Jara Henderson, section editors, and Jason Harville and Andrew Hopper, photographers. The yearbook is overseen by Jim Dahlman. The Stampede did a great job this year bringing the students news about campus happenings. The report on everything from serious issues about SGA to other things such as mass e-mails that circulated this year. The Phoenix is produced once a year per spring. This year they had a co-editor and a copy editor, but the organization is fairly loose. People participate by submitting their work to the editors or at the library. Advisor, Ruth Cook says, "We hope to do a monthly small Phoenix next year and share the editing responsibilities among the English majors."

Sophomore Jara Henderson put many hours in at the computer lab in Paxson.

The yearbook staff gets wild and crazy especially when they know the yearbook is complete.

Linc, Rotoract, and Service Seekers

When a student at Milligan feels the need to volunteer, the place to begin is Linc. Located in the Student Union Building it is run by volunteers for volunteers. Not only do they help students find places to volunteer, they also participate in activities. This year they helped at a food drive for the community. Rotoract is a service organization overseen by our own beloved president Don Jeanes. It is part of the Johnson City Rotoract Club, but like a college version. The group participates in activities such as adopting a highway and the Ronald McDonald house. This year, the president of the club, Dave Harris, was sent to Honduras with Rotoract. King College invited him to work with Sun Oven, a group that does mission work like building houses and teaching kids. Service Seekers meets every Wednesday and goes to the Appalachian Christian Village. The club contains about 20 members. The group provides the nursing home with music, fellowship, and a devotion. Each week one of the members is asked to lead a small sermon. "I like to do this because I think the older people are worth it," said Evan Young. "I also want to give back to the community."

Linc not only provided service to others, it provided an opportunity for friendships to form.

Creek Cleanup was a big success this year.

Meeting every week allows friendships to form.

Working at the can drive, David Mayer and Chad Parker get the job done and have a good time while doing it.

President of Rotoract, Dave Harris poses in front of the club's logo.

Future Leaders?

Student Ambassadors and Psi Chi

To be a student ambassador you must apply at the end of the school year. Then you have to meet with the admissions department. After you are accepted, you must give a tour as a test. This requires knowing a lot about Milligan, serious and funny facts. "I really enjoy doing this because I had a hard time finding a college and I feel as if I am helping someone make a college decision," said Jessica Carter. Another elite group is Psi Chi. What is Psi Chi? It is the National Honor Society in Psychology. "Psychology students who join will become part of a nationally recognized honor society," said Joy Drinnon, assistant professor of psychology and the group's adviser. This group will enhance their professional credentials and improve their chances of being accepted into graduate school. In order to qualify for the group, students must have completed three semesters of college courses and nine hours of psychology. They also must rank in the upper 35 percent of their class and maintain high standards of personal behavior.

Senior John Lawson looks like he is having a fantastic time at the Psi Chi party.

Students
ambassadors take
on the
responsibility of
leading tours which
could make or break
a prospective's
decision.

Junior Kristin Speak and Stephanie Troyer
feel honored to be in Psi Chi.

Sophomore Warren McCrickard loves to be an
ambassador to show prospective students what
Milligan is about.

Coming to a Close

The Next Phase

As we approach the end of the school year, we look back on all the memories we made and the things we have accomplished. After we take our final exams and go through graduation, we look back and see how much we have grown and how our lives have changed. As we look back, however, we also look forward into our futures and wonder where our lives will take us. We know we have been greatly blessed by the Lord, and we know he wants us to use "our hands" for Him and His good. We each pray

that God will guide us along the way. All we have learned, all we have experienced, and all we have accomplished will form who we are and who we will touch. As we leave Milligan College for the summer, or for good in many cases, we know we have a firm foundation to build our lives upon. We take with us everything we have become and all the morals we cherish. We have faith in the Lord to provide for us and keep us in His care, and we strive to fulfill His work "WITH THESE HANDS."

On Wonderful Wednesday this group of friends posed for a picture in Buffalo Creek. The weather was beautiful this year for Wonderful Wednesday.

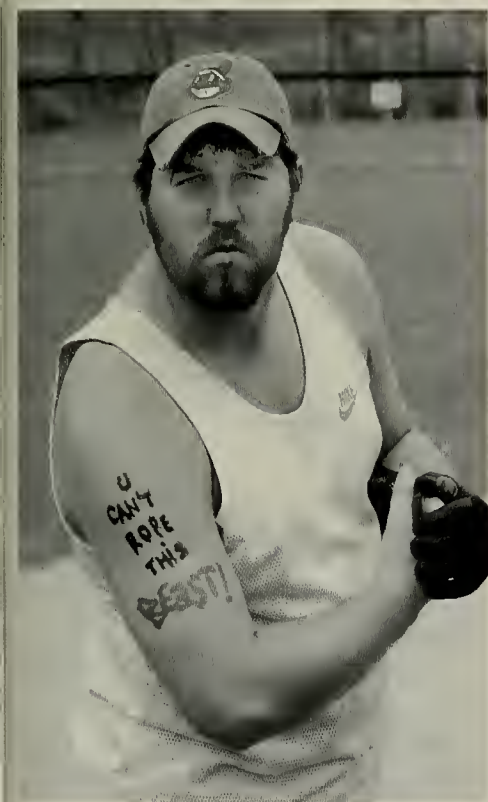

A group of students gather at the sand volleyball court for a game. This was a very popular hangout, especially in the spring.

Friends Beth Ross and Adam Kneisley have a good time at the Junior Senior Banquet.

Tom Wiles shows off his "tattoo" during the faculty-student softball game.

The Editors Speak: A Tribute to September 11, 2001

On a peaceful Tuesday morning amid the inaugural Humanities exam for the year, just a few hundred miles away our country was attacked, spreading uncertain fear into the core of the nation. This disaster brought college our community closer together and closer to God. We struggled and debated as to what a Christian's response to these happenings should be. Wrestling with ideas of what it means to be a Christian facing uncertainty following 9-11 plagued us. For some it was a maturing catalyst, and for all it was a wake-up call to contact our loved ones and appreciate the security we take for granted. What did we realize from our searching? God is in control. Our Heavenly Father reached all the way from sky to sea; he pulled us out of that ocean of hate, that enemy chaos, the void in which we were drowning. They hit us when we were down, but God stuck by us. He stood us up on a wide-open field; we stood there saved surprised to be loved! (Psalm 18: 16-19)

Colophon

The 2002 Buffalo was published by the Buffalo Yearbook Staff at Milligan College in Milligan College, Tennessee. It was printed by Herff Jones Yearbooks in Montgomery, Alabama. Press run was 650 copies. The 2002 Buffalo Staff included: Amy Vincent, Editor-In-Chief/Sports Editor; Jara Henderson, People Section Editor; Shannon Smith Student Life Editor; Annie Tipton, Academic Section Editor; Andrew Hopper and Jason Harville, Photographers; and Jim Dahlman, Adviser

September 21, 2001: Smoke still billows from Ground Zero in New York City. (Photo courtesy of the Federal Emergency Management Agency.)

The heroes of September 11 proudly carry American flags in a New York St. Patrick's Day parade.

Messages of hope took even shape and size in the days following the terrorist attack. Signs of faith showed even in the destruction. (Photo courtesy of the Federal Emergency Management Agency)

On Monday we lived in our Milligan bubble...
 On Tuesday we were glued to the news

On Monday people were trying to separate each other by race, sex, color and creed...
 On Tuesday they were all holding hands

On Monday we thought that we were secure...
 On Tuesday we learned better

On Monday we were talking about heroes as being athletes...
 On Tuesday we relearned what "hero" means

On Monday people went to work at the world trade centers as usual...
 On Tuesday they died

On Monday we argued with parents and siblings...
 On Tuesday we called home, and on Friday after class we drove home

On Monday we were upset that the lines at Wal-Mart were so long...
 On Tuesday we waited hours in line to give blood for the dying

On Monday we worried the lab printer wouldn't work...
 On Tuesday we worried about a plane crashing into our homes.

On Monday some children had solid families...
 On Tuesday they were orphans

On Monday we emailed jokes...
 On Tuesday we did not

On Monday we fleetingly thought about God...
On Tuesday we clung to Him for our very existence.

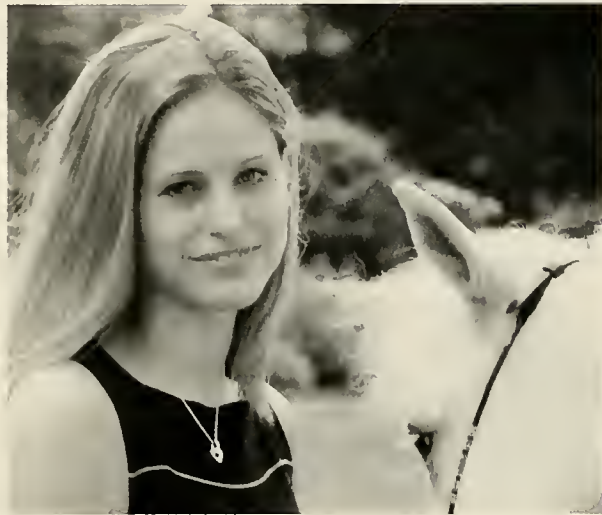

I will be with you; I will never leave you nor forsake you. -Joshua 1:5

When I don't understand something,
 I reach up and hold God's hand.
 And we walk together in silence.
 ~Mahatma Gandhi

Tisha,

We love the considerate, level-headed and loving person you have always been. We are even more proud of your Christian lifestyle and the joy it has brought to our lives. Never lose your bright smile and love of others.

Congratulations Molly,
We love you always.

Love,
David, Mom, Luke, Annie &
Katie

Kudos, Tom!

We celebrate the man you have become! What a joy you are! Always follow the Son and your path will be blessed! We love you!!

Mom, Dad, and Stephen

1 John 4:4

Dearest Portia,

You light up
our lives.

Love,
Mom and Dad

Daniel,

Our adventure with
you has grown into
your own adventure
now with the Lord!

Go for it!

We love you,
Mom & Dad

Joy,

All the dreams we prayed
you'd be -
all the things you are-
You were once our little girl-
Now our shining star.

We love you,
Dad & Mom

My how the years have flown by. It seems like only yesterday that you were reading by flashlight well after bedtime. Your ongoing curiosity of how and what made things work has made life an adventure for us watching you grow and mature into a man. Thank you for bringing us so much energy and joy in our lives. We pray that you will always use your talents for God's glory and that He will bless your path as you enter a new chapter in your life.

Love,
Dad, Mom, and Chris

Congratulations from your family.
We are all so proud of you, Kevin!

Love you much,
Mom

"Finally, brothers, whatever is true, whatever is noble, whatever is right, whatever is pure, whatever is lovely, whatever is admirable -- if anything is excellent or praiseworthy, think about such things."

Phillipians 4:8

1985

2002

Nate,
 Congratulations!
 Your hard work
 paid off. Now
 venture forth with
 God.
 Love,
 Mom, Dad, and
 Kelsey

**Harul tau curge ca si ploia
 Harul tau curge, si curge peste mine**

Tim --
 We rejoice at the display of
 God's grace in your life, and
 pray that the flow will grow
 even stronger.
 Love, Mom and Dad

Sarah- Congratulations for a job well done. Better
 late than never! With love from your family.

Amber,

We are so proud of you. You are
 so special. May the Lord con-
 tinue to bless you and those
 around you.

Love,
 Momma, Daddy, Christina
 Ybarra

Courtney,

*It has been a pleasure to watch you grow
 and mature from the little girl who loved to
 read to the young woman ready to do
 God's work. Continue to live your life in
 God's service and follow your heart.*

Love,
 Mom and Dad

Heather,

**To a Christian Student Athlete:
 Another milestone. You have marked
 them off one at a time with uncommon
 focus, discipline, determination, and
 Christian integrity. You have made
 easy and difficult choices. You have
 managed excellence and challenges.
 Each step you have made has made us
 proud of you. We love you and may
 God continue to bless you. Now for
 some free time fishing fun in the Big
 Blue and the Gunnison.**

Mom, Dad, Erik, Kristina

We are so proud of you, Cori, and we'll always cherish our many wonderful memories of your life with us. We are excited for you as you begin your adult life without us. We know you will be successful because of your love for Christ, your work ethic, and your strong character. Go with God.

All our love,
Mom, Dad, Stan, Mimmie

Jason,

When God gave you to us, it was as if He had presented us with a rare and precious tree. We planted your roots deep into the soil of our family's love. We watched over you and cared for you as a faithful gardener would care for a young tree that was entrusted to him. Like the tree, you were nourished, pruned, watered, and fed.

As we watched you grow into childhood, we realized even more what a wonderful gift of God you were to us! We watched you develop into a young boy, we saw your life grow tall and straight. As we watched you mature into a young man, we saw you begin to spread your branches and influence the lives of others. We saw your character deepen as the color of leaves would deepen before the warmth of the summer sun.

As you grew into manhood, your life took on an even greater strength and fullness. You developed qualities that can come only from a life that has been grafted into the One who is the Tree of Life. It means so much to know that as you abide in Him, your leaf will never fade... Your strength will never fail... Your influence will never diminish.

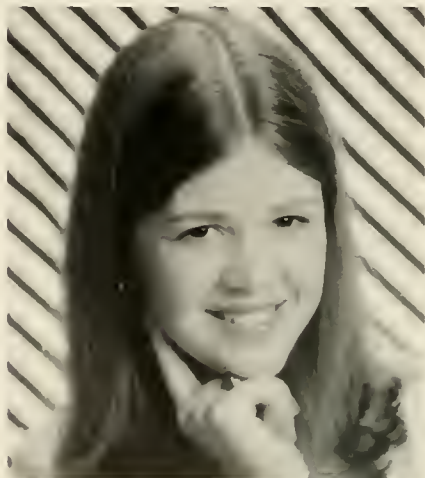

With Much Love,
Mom and Dad

To Rebecca:

"Many women do noble things, but you surpass them all. Charm is deceptive, and beauty is fleeting; but a woman who fears the Lord is to be praised." Proverbs 31:29-30.

Congratulations. Much love!
Mom, Dad, & Nick

Gina.

From the precious baby girl you were at the beginning to the beautiful young woman we so admire now, you have always been a source of joy! God indeed blessed us the day you were born!

Love, Mom and Dad

B- stands for beautiful, with charm abounding
E- is for exuberant, her energy's astounding
T - stands for tender, like an angel sweet
H- is for her hug, a most delightful treat
A- is for adorable, what smiles she wroughts
N- is for naturally - how she warms your thoughts
Y- stands for youthful, she's sunshine from above

Bethany ~ a bundle of joy, she's
 what dreams are made of!

We're so proud of you!

Smile, stand tall, and say, "I can do all things
 through Christ who strengthens me!"

Love Always, Mom and Mimi

Zachary,

Yeah! You did it!

Now, got get 'em.

Don't forget your
 roots. May the Lord
 bless you always.

We love you.

Mom, Dad, & Ian

May God bless you richly always!
 Mom, David, and Taylor

Someone who gives freely

Someone who is there for others

Someone who is close even when
 far away

Someone who is comfortable to be
 with

Someone with an inner beauty
 providing warmth to all around her.

Brian,

It has been a pure delight to watch you mature into
 a man. This journey has passed too quickly! Your
 experiences and accomplishments have been many
 due to your love of life and learning. You've seen
 that through hard work and prayer, goals are accom-

plished. It is now
 time for you to
 venture into the
 real world. Re-
 member that God
 is always beside
 you ready to carry
 you up like on an
 eagle's wing.
 May this soaring
 of life be full and
 fun. I love you so
 very much and
 wish for all your
 dreams to come
 true.

Love, Mom

Courageous
Headstrong
Reliable
Intelligent
Shopper
Tempermental
Interesting
Nice
Attitude

We are very proud of you.
Be happy in the Lord.

Mom, Dad, Charles, Shannon, Carolyn, Todd

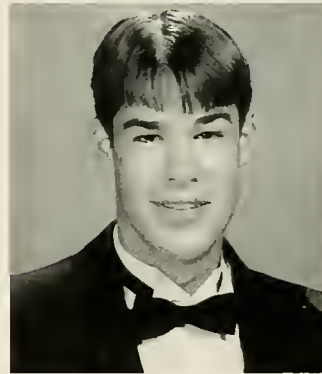

**Congratulations
Milligan Grads
Class of 2002!**

You made it!!!

Natalie,
From the
time you were
born, you
(along with
your brothers)
became the
greatest joy of
our lives. You
have continued
to be the light
of our lives
through every
phase of your
life.

We are so
very proud of you! We know that
you and Jason will have a won-
derful life together!

We love you!

Mike,

We are proud of you!!

You are a joy to us.

We love you!

Dad and Mom

Mary Beth,
You've grown from a
tomboy to the beauti-
ful young lady that you
are. We are so proud
of you.

Love,
Mom and Dad
